THE TOWN RECORD

By MONTE DAYTON

MRS. M. LEVITAN, 1731 Louvaine drive, wanted to make sure that the United Crusade received her donation.

She set aside \$10 and told friends to make sure the Crusade got it.

Last week the worthy charity received her gift, then learned that Mrs. Levitan had died five days earlier. Mark that down as one of the finest "last will and testaments" in a long time.

Somewhere in Daly City is the owner of a spanking new Norge Refrigerator (approx. cost: \$450), but they don't know it.

Having filled out the winning ticket in rapid fashion, the name is undecipherable and the San Francisco fire department has a dragnet out to locate the winner.

Believe it or not, they're anxious to give the thing away. The ticket was for SF's widows and orphans ball.

If you had a ticket and your handwriting is appropriately lousy, check up. The reffrig might be yours.

ED COUGHLIN, chief of battalion district 9, says he'll hold the winner until November 22. Call him at JU. 1-8000, ask for engine 38.

MRS. CELIA DORMOY, 40 Mission Circle, really believes that old bromide about "home, sweet home."

After being bedded down in the hospital since last February with a foot ailment, she's back on all-tows again, and plenty glad of it.

Mrs. Dormoy's heart-full of nothing but thanks for those many friends who attended her and sent gifts during her infirmity, but says she's a little more than miffed at some low-down who made off with several household goods during her absence.

The week's rugged individualist was observed Tuesday on Mission street, hosing down his car while the rain (fog with a vengeance) (Continued on Page 2)

SIX VEHICLES DAMAGED IN FREAK WRECK

No. 1 Driver Will
Appear Before Bocci

When Chester Kruse, 61-year-old salesman of 115 Crestwood drive, apt. 4, has an auto accident, he goes to extremes.

Officer Art Linhares heard a ruckus about 11 p.m. Monday in the area of Crestwood drive, and thought someone had been murdered.

On arriving, however, he found the Kruse vehicle facing north on the east side of Crestwood and discovered the wake of Kruse's accident to be the cause of all the concern.

In making a wide right turn onto Crestwood Kruse had miscalculated, hit a vehicle parked diagonally on the west side of the street. The force of the collision drove the parked auto into another parked alongside. That made two down, three to go.

Kruse's car then careened across to the other side of the street and hit a fourth, fifth and sixth vehicle, all parked diagonally on the east side of the street.

When questioned by Linhares, Kruse said, "Give me a break, I will take care of the damages." Kruse reeked of alcohol, according to the officer, while his wife, Doris, also in the car, had been drinking, he said.

After supplying \$150 cash bail, Kruse was released to appear before Judge Thomas Bocci Tuesday on charges of being intoxicated in or about an automobile.

Owners of the ill-fated vehicles were: Elliott Hansbarger, 189 Crestwood drive, apt. 227; Lois Marie Willard, 189 Crestwood drive, apt. 16; John Joseph Stack Jr., 161 Crestwood drive, apt. 7; Willard George Feig, 189 Crestwood drive, apt. 25; and Donald David Long, 161 Crestwood drive, apt. 10.

Establish Sanitary Inspector Position For Sewage District

An ordinance providing for the employment of a sanitary inspector for the North San Mateo County Sanitation district was passed Monday by the district's board of trustees.

A. J. Bodien, former Daly City water department superintendent, has been named to fill the position. The district has set up offices at 7328 Mission street and persons having dealings with the board should direct them to that address.

The ordinance passed Monday, first enacted by the district, also provides for permits and fixing fees for the installation of sanitary sewer laterals and regulates (Continued on Page 2)

FIREHOUSE CONTRACT IS AWARDED

Resolution awarding contract for construction of the Westlake firehouse to the W. A. Monroney firm was passed by the city council Monday night.

They had submitted low bid of \$76,950. Also approved were two alternate figures submitted by the company, amounting to \$859. Another alternate calling for paving of the yard, costing \$1760, was turned down.

In other business Monday the council:

1. Called for bids for construction of a water main on Market and other streets, to be opened December 14.

2. Named Fireman Henry Weisner, 54 Parkview avenue, as fire alarm operator, increasing his salary by \$15 monthly.

3. Named Joe Bloom, 740 Niantic, as recreation maintenance man, to serve the normal probationary period.

4. Passed an ordinance eliminating frozen meats, poultry and associated products from inclusion in the city ordinance that prohibits sale of meats after 6 p.m.

5. Appropriated \$50 for the Old Glory Post 2044 to be used for a Christmas party for hospitalized veterans.

6. Appointed August Benassini to police sergeant, effective November 16.

7. Appointed Frank E. Rehe, 77 Alexander avenue, and Alfred J. Bender, 450 Santa Barbara avenue, as water maintenance men.

Jeff High Survey Shows 80 Per Cent Students Have TV

Members of the counseling staff at Jefferson Union High school have come up with some interesting statistics on freshmen students at the high school.

For instance, television is a part of the home for 80 per cent of the freshmen students enrolled at Jefferson.

Another disclosure was that more than half of the freshmen girls at the high school are enrolled in the commercial curriculum, whereas only two per cent are in homemaking, indicating a preponderance of the "career girl" type, rather than homemakers.

Questionnaires sent out to students also showed that 25 per cent of the girls are preparing for college.

The survey also showed that more than two-thirds of the first-year students are native-born Californians, while 2 per cent hail from outside the continental United States.

Questionnaires distributed by the counseling staff constitute an important part of the program of guidance and counselling at the local school, and, according to the staff, "often shed a good deal of light upon the students' achievements and behavior in class and out."

"How do you like school?" proved to be a pertinent question. (Continued on Page 2)

LAUNCH DRIVE TO EXTEND BUS NO. 14

TRANSPORTATION IMPROVEMENT BALLOT

Fill out this form and mail it to THE RECORD

Fill out this form and mail it to THE RECORD

TRANSPORTATION IMPROVEMENT BALLOT

In light of facts disclosed by James Turner, head of the San Francisco public utilities commission, a drive was launched this week to secure extension of the No. 14 bus into Market street in the Colma area.

Turner told a local realtor this week that "Nobody has come to me with any requests for extension of the line."

He explained to Del Wilson, the realtor, that although he couldn't guarantee extension of the bus service, "Sufficient interest on the part of Daly City residents might prompt us to run the bus into the Colma area."

"It is not our duty to automatically give transportation wherever a few complaints are heard. You people of Daly City must ask for it," he emphasized.

At present, the No. 14 bus terminates its southern run at the intersection of Mission street and San Jose avenue. Due to the increased population and development of new tracts on southern Mission need for transportation has nearly doubled.

Wilson indicated last week in a story in this newspaper that there would be ample riders on the extension to insure the Municipal Railway sufficient business.

In order to speed action on the extension, THE RECORD has provided a "Transportation Improvement Ballot," to be found elsewhere on this page. This newspaper strongly urges citizens to fill out this form and mail it to THE RECORD if they are interested in securing a better type local transportation.

In addition to this ballot, petitions asking extension of the No. 14 may be found at the offices of George Lagomarsino, 46 San Pedro, Peter J. Markovich, 6454 Mission, and THE RECORD, 3317 San Jose avenue.

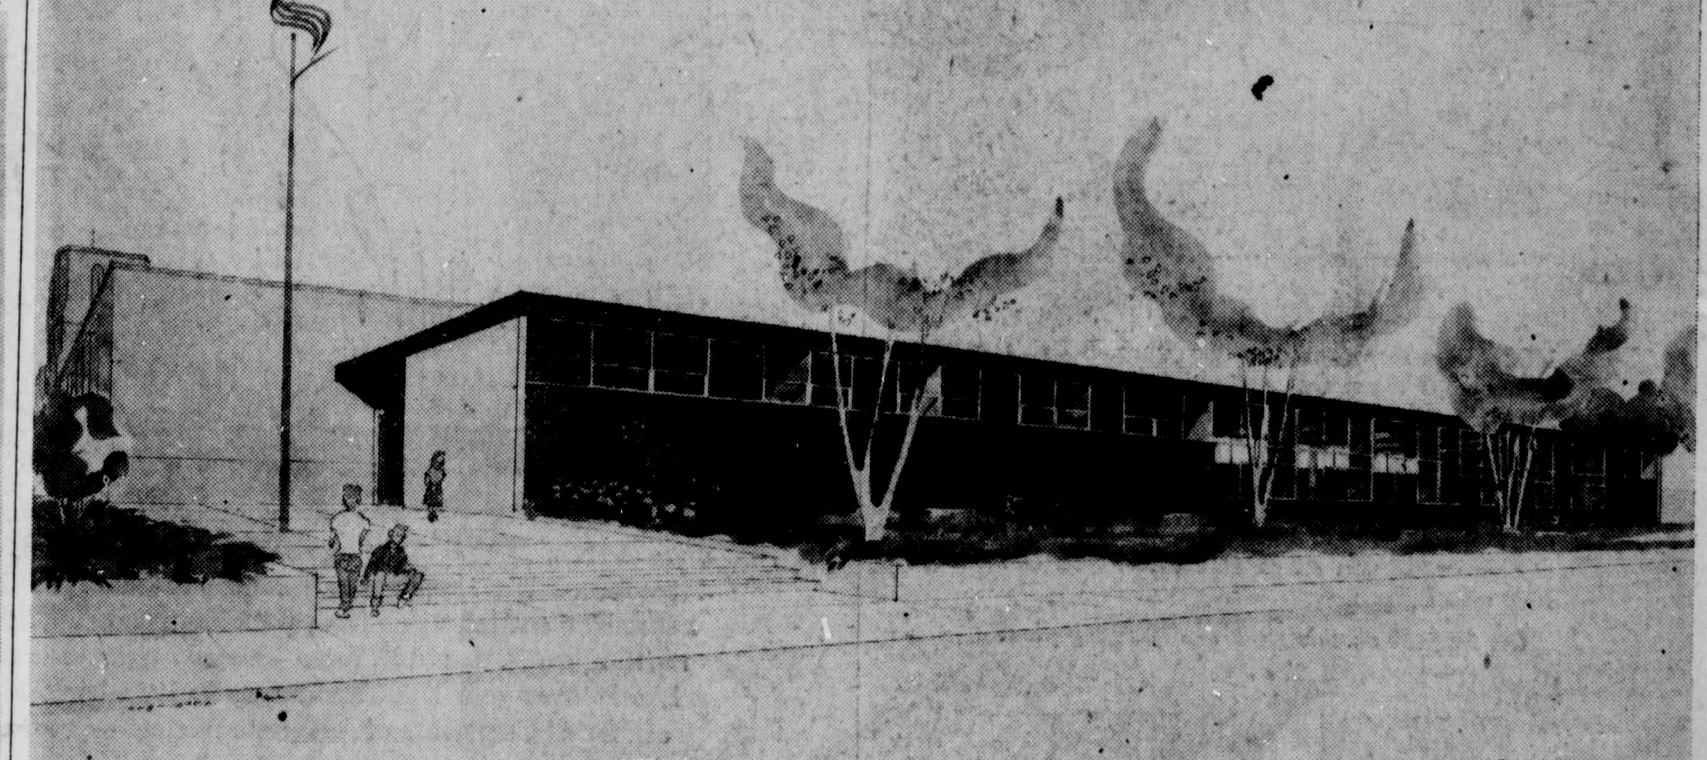

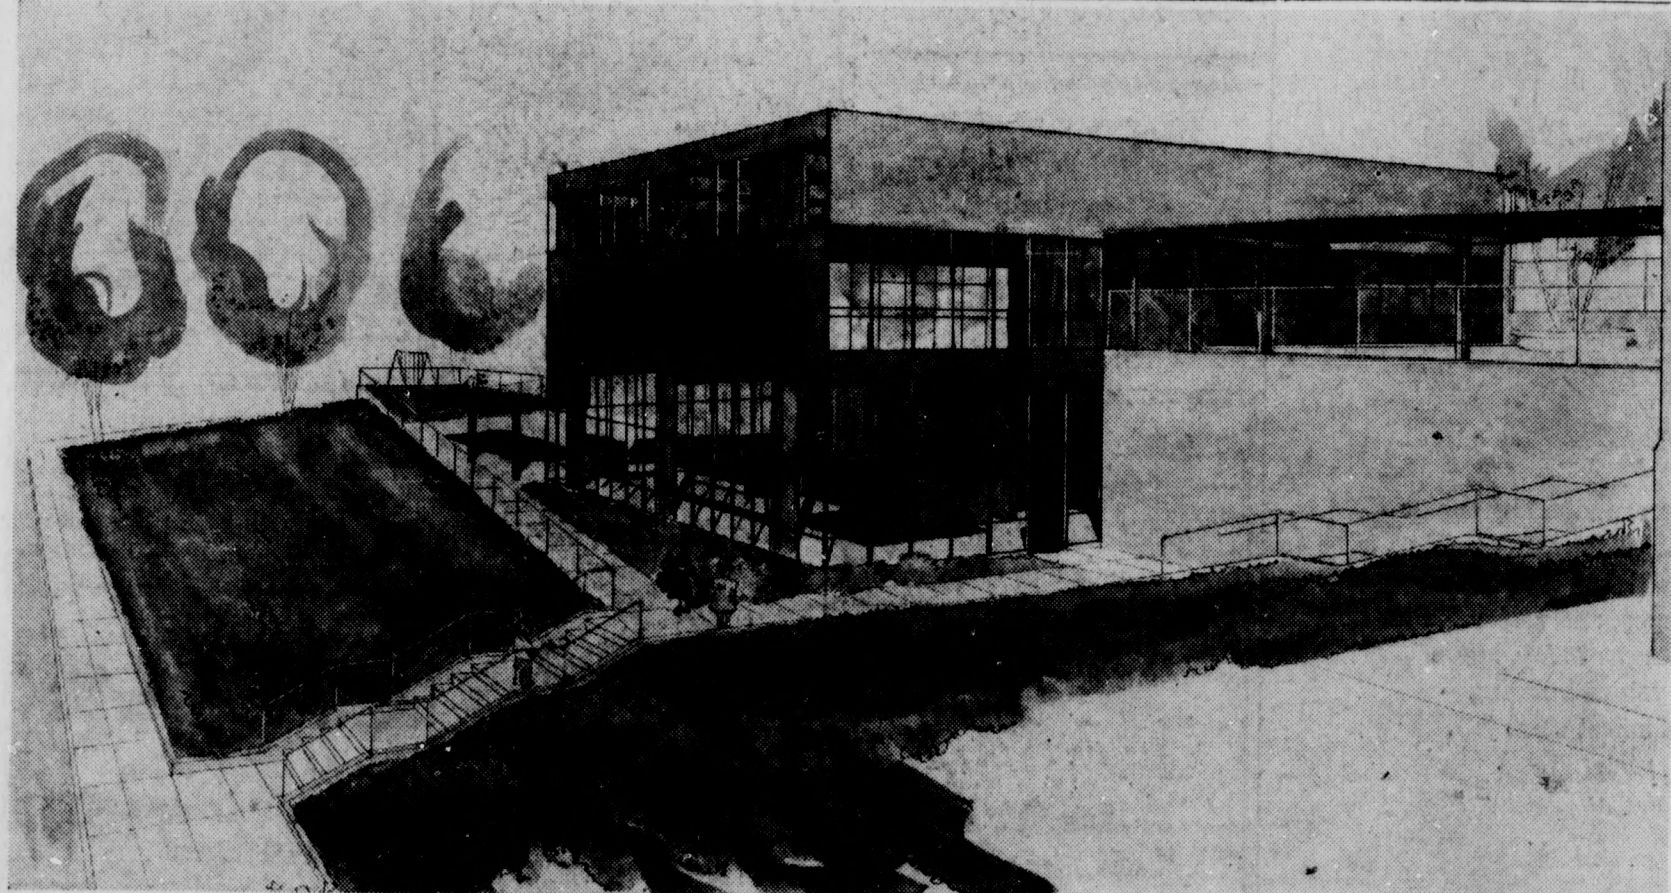

Mailing Of Xmas Club Checks Marks Yuletide Approach

As a sure sign of the approach of the Christmas shopping season, the distribution of 2500 Bank of America Christmas Club checks to 2000 residents of Daly City, Westlake and Colma was announced today by Daly City, Westlake and Colma branch managers here.

D. D. Harris, D. J. Franco and J. Ferrari said that the annual checks are being sent out on November 15, the early date established last year to beat the seasonal mail and shopping rushes.

In all, Bank of America will distribute 335,000 checks totalling \$36,000,000 to club members in California this year, it was stated. This is a new high mark.

Christmas Club checks receive a warm welcome from the club (Continued on Page 2)

PICTURE ABOVE and to the left show planned additions to the Jefferson Elementary school district. Preliminary drawings were released this week by Mario J. Ciampi, architect. Top drawing shows proposed addition to the Jefferson elementary school, while at left is Crocker school addition. On completion of these projects, the district's building program will have become one of the more advanced and modern in the area. H. Z. Weibel, district superintendent, said plans are well underway, and construction on both units should start in early spring. It will take an estimated year to complete the structures.

Housewife Finds Junk Profession Has Modern Pitch

(Continued from Page 1)

Mrs. Richman espied the man preparing to remove a set of golf clubs into his "junk" van.

She explained to him that this was not in the nature of junk, and stopped him from casting his aesthetic mits on further "antiques," still unaware that he had already done quite well in the transaction.

Proving conclusively that he was a "businessman" of no mean talents, the dealer then gave Mrs. Richman \$1 for the "junk," and told her he would return later to pick up any additional discards.

After his speedy departure in a truck described as grey, with twin spotlights, Mrs. Richman discovered she had got the poor half of the bargain.

Mrs. Richman has been asked by police to notify them immediately should the man return, but the prospects seem remote.

Start Mailing Of Xmas Club Checks

(Continued from Page 1)

members, bank officials said. As a result they are better able to meet the many year end financial obligations, it was pointed out. Enrollments for the 1954 Christmas Club are now being accepted at Bank of America branches.

Establish Sanitary Inspector Position

(Continued from Page 1)

plumbing, drainage and sewerage in the district.

James Kennedy, president of the board, said the ground now has been laid for beginning the \$600,000 sewerage treatment plant at the intersection of Lake Merced and Alameda boulevards, approved by the voters last spring.

Kennedy said bids would probably be called for in early 1954.

splatted-down dogs and cats.

BILL BOLGER, stern but affable DC cop for these many years, and wife celebrated their 32nd anniversary Weds., Armistice Day, which might, or might not, lead some ways to speculate on the significance of the holiday for Bill.

Just kidding, Mrs. B.

A lady in Westlake last week caused no small ruckus among municipal police and fire fighting facilities of this city and San Francisco.

Her home caught on fire and, not knowing Westlake is a part of Daly City, she called the SF fire ladders.

They re-channelled the info to DC police, who in turn notified the local firemen, who in turn went to the fire, which in turn had burned a good portion of the lady's property in the interim.

End of story but obviously a moral is there somewhere.

Appoint Maurice Ray To Broadmoor Police

Maurice Ray, 1051 Gilman drive, was appointed to a part time position with the Broadmoor police Thursday night at the Broadmoor Police commission meeting.

Ray will work one day a week with the force. According to Police Chief Ray Savage a full time man will be appointed sometime in February.

Motor Vehicle Dept. Lists License Suspensions

The state department of motor vehicles report this week listed the suspension of driver's license for the following persons: Jeanne Virginia Reimer, 498 Southgate avenue, Benjamin Fred Stuckey, 944 Foothill drive, Colma, Raymond Stanley Thomas, 24 Hillcrest drive, and Mrs. Bob Witt, 451 Crocker avenue.

Permanent reinstatement was granted to Joseph Bustamante, 407 88th street, Colma.

Daly City Employees Get Together Tomorrow For Dance And Buffet

A get-together dance and buffet will be held tomorrow (Saturday) night by the Daly City Employee's association.

The event, first affair of its kind to be given by the association, will be held at the Veterans Firemen's hall, 188 Santa Barbara avenue near Hillcrest drive and will begin at 8 p.m.

Admission is \$1 per couple. Attendance by employees was urged, in order that similar events might be held in the future.

EAGLES HOLD FIRST IN WHIST SERIES

Aerie 1848, Fraternal Order of Eagles, held its first of a series of whist games recently.

The Eagles reported the event was a "sellout." The proceeds went in the Children's Christmas fund, which enables the Eagles to hold a free Christmas party for all children of Daly City.

According to the Eagles, this project is just one of the many civic undertakings which they plan to create for the welfare of the Daly City area.

George Wheeler, chairman, thanked all the merchants of Daly City who donated the 60 prizes that were awarded.

Another whist is expected to be held later this month.

Colma PTA Observe 21st Anniversary

The Colma PTA celebrated its 21st birthday at the regular meeting, Tuesday, November 3, in the home arts room at the R. S. Thornton school. There was a record attendance. Classes winning the pennants for the most members present were Mrs. H. Colwell's class at the R. S. Thornton school and Mrs. A. Gray's class at the Jefferson elementary school.

Miss Hester Blaylock, R. S. Thornton teacher and charter member, introduced the honored guests and commented on the growth of the Colma PTA. The past presidents attending were Mesdames T. Hollingsworth, G. Bertucci, E. Dennis, J. C. Weisner and S. Vickers. The charter members were Miss Hester Blaylock, Mrs. Hazel Colwell, principal of the R. S. Thornton school; Miss Marie Traynor, principal of the Jefferson elementary school; and Mrs. Tina Hollingsworth, senior past president of the Colma PTA.

Mrs. C. Christian, membership chairman, announced that the goal of two hundred and fifty members had been exceeded. Colma PTA now has two hundred and sixty members. The prizes for the most members went to Mrs. H. Conway's first grade at the R. S. Thornton school and to Mrs. A. Gray's third grade at the Jefferson elementary school.

Mrs. H. Sillick, program chairman, presented Miss Marie Traynor.

Miss Traynor is coordinator of the audio-visual education for the Jefferson elementary school district. She explained the values of audio-visual education and quoted from an old proverb, "A single picture is worth a thousand words."

Miss Traynor explained that children learn more easily by seeing than by being told. Mrs. A. Gray, teacher at the Jefferson elementary school, gave a practical demonstration by showing a series of slides and having the children read the captions and explain what they saw in the slides.

The demonstration was very informative. The children taking part were Eva Brusa, David Jenkins, Richard Marlowe, Jan Mondfrans, Sandy Piccardi and Harold Shurgin. They were from Mrs. A. Gray's third grade.

Mr. H. Z. Weibel, superintendent of the Jefferson elementary school

district, spoke in honor of American Education Week. He started that Daly City is very fortunate in having qualified teachers, although in other respects education was somewhat handicapped. It is hoped that double sessions can be abandoned after Christmas.

A motion was made that the Colma PTA petition the board of trustees of the Jefferson elementary school district to have a multi-purpose room built at the Jefferson elementary school. It was seconded and carried.

Mesdames H. Sillick, G. Hillman, W. Whalen and J. C. Weisner received both district and state awards for their successful completion of the parliamentary procedure course.

Mrs. L. Stanghellini gave a report of the Sewing and Sunshine meeting on October 29 at the home of Mrs. Wm. Chessman, chairman. The next meeting will be at the home of Mrs. H. Sillick. Her co-hostess will be Mrs. G. Andrus, November 17. Those interested in attending call Mrs. H. Sillick, PL. 5-1458.

The magazine chairman, Mrs. V. Wallace, announced that Friday, November 20, there will be a magazine tea at the R. S. Thornton school, in the home arts room from 2:30 to 4:30 p.m. with a 25c charge for the tea. The purpose will be for the renewal of magazine subscriptions to the National and California Congress of Parents and Teachers magazines. She urged that everyone attend regardless of whether they subscribe or not.

Mrs. Sanford Vickers and Mrs. Howard Sillick attended the 17th District board meeting November 2 at the Burlingame high school.

Exports through the San Francisco Customs District in 1952 to Saudi Arabia were valued at \$3,512,591.

Jeff High Survey On Television

(Continued from Page 1)

A higher percentage of girls than boys answered "very much" to the query. Over half of the girls indicated this opinion, but only a few more than one-third of the boys could say as much. Many of the boys were indifferent, but only one in twelve admitted that he disliked school. Only two per cent of the girls did not care for school.

About 30 per cent of the freshmen boys said they had an outside job of some sort, as contrasted with the girls, 20 per cent of whom said they had outside work.

According to the counselors, because of the questionnaires, they have been able to obtain a reasonably good overall picture of the freshman class.

Surveys show 99 out of 100 homes have outdated wiring

is poor wiring robbing your appliances of full power?

If your home is like 99 out of 100—chances are you've been annoyed by one or more of these symptoms of out-of-date wiring: blown fuses...blinking lights...too few outlets...appliances that heat too slowly. This is true even in new homes! To get full value from your lamps and appliances, and make the most of low P. G. and E. rates—see your electrical contractor today. Have him go over your home and fix up faulty wiring. If you're building—ask for a "Certificate of Adequate Wiring"—proof of a first class job.

Electricity is cheap in California!

CABBAGE PATCH SALE PENDING

SF Contractor May Use Site For Plant

Sale of the famed Cabbage Patch in Colma, haven for Oriental gambling in spacious years past, may be in the offing, THE RECORD learned this week.

J. Henry Mohr, San Francisco painting contractor, notified the Daly City planning commission Tuesday, through his broker, J. McGill, that he had confirmation of an offer to purchase the once-notorious hang-out.

As explained in McGill's letter to the commission, the purchase is subject to having the property "re-zoned" to permit establishment of a headquarters and plant for painting and industrial coating.

At present, the property, adjacent to the PG&E sub-station now under construction, is not in the corporate limits of Daly City.

However, some talk of annexing this area has been made. Actually, the property would not have to be "re-zoned," but merely classified, since being an unincorporated area it is not in any classification.

DIRECTOR ELECTION ON TAP THURSDAY FOR LOCAL CHAMBER

Election of directors for the coming year will highlight Thursday's Chamber of Commerce luncheon meeting, to be held at the Lake Merced Golf and Country club.

In addition to the general election, presentation of the by-laws for adoption will be held.

Presence of all members has been requested.

All persons casting votes must be members in good standing, having paid their 1954 dues. The meeting will begin at 12 noon.

LET'S HEAR FROM YOU

This newspaper would like to impress upon its readers the importance of making their opinions known on the quality of the bus service now being offered in Daly City.

Although this city is provided transit mainly through the sufferance of the San Francisco municipal railway, that doesn't mean that opinions of this community's citizens are irrelevant.

In any public matter, an active interest on the part of those involved must be evidenced, the penalty for apathy being an arbitrary settlement by those in position to make decisions.

This, precisely, is the situation confronting Daly City residents. The buses are running according to edicts laid down by the officials and will continue to run the same routes, the same schedules, as long as the riders continue to greet the service with meek acceptance.

The head of the public utilities commission has made known that an appeal by bus riders of this community will not go unheeded. To date, however, he reports all has been quiet on the Daly City front.

THE RECORD this week is offering a Transportation Improvement Ballot in an endeavor to promote extension of the No. 14 bus into Colma and, at the same time, to determine the sincerity of public interest on this matter.

Whether this extension effects you as a rider or not, you stand to profit by aiding with this survey, since it might pave the way for future transportation improvements in other areas.

Our ballot is to be found on page one of this issue.

You can take a stand or just stand and take it.

POOR GATE AT COUNCIL MEETINGS

What gives with the lack of attendance at local council meetings? Well, we think we have at least a partial answer.

It's the method in which the council sprints home to the adjournment that makes most meetings uneventful.

In many instances, Monday the most recent, citizens with a bone to pick or perhaps maybe a question to ask discover that the meeting is over before they have a chance to be recognized.

It goes something like this: Interested citizen is politely awaiting completion of regular business, so that he may arise in order and say his piece; regular business is finished, then the action starts; Mayor says "any further business to come to the meeting?" "No," the councilmen fire back, "Then motion for adjournment." And, wham! It's all over and the honorable five begin filing out.

This cannonball adjournment is bad for two reasons.

In the first place, it virtually eliminates the chances for a citizen to speak up without embarrassing himself and at the same time defying parliamentary protocol.

In the second place, it dulls the meeting because members of the audience are not given an opportunity to hear a little colorful caterwauling by irate citizens, and must be content to bear with the council's antiseptic drone of routine business.

Perhaps a special period could be set aside for "squawk talk," or anyway the council could give citizens the deference of adjourning the session at a slightly more leisurely pace—say about 15 seconds.

That would at least give citizens a chance to get to their feet, thus feeling their mission had not been entirely in vain.

In The Past

TEN YEARS AGO IN THE RECORD

Thursday, Nov. 11, 1943. — Declaring that the war in which the United States is now engaged has produced such conditions in the City of Daly City that it is necessary to preserve the public peace, safety, morals and welfare by restricting the presence of minors in the streets and other public places for the purpose of curtailing juvenile delinquency, the board of councilmen Monday night adopted Ordinance No. 246. The ordinance, which will regulate the conduct of minors and fix the responsibility of parents and guardians in the matter, was discussed in detail at a special meeting of church, school and civic leaders Monday night.

A large and enthusiastic throng of parishioners and their friends enjoyed the entertainment and and fair sponsored by Holy Angels church Saturday night at Colombo hall.

Those who were awarded special prizes during the festival were: Mrs. Ferrando, Bruno avenue, Daly City; Mrs. E. Ver Linden, Colma; Mrs. J. Dobko, Colma; George Giampaoli, Colma.

Local couples who have recently become parents include: Mr. and Mrs. Marcel F. Dussault, 225 Station avenue, a son, born October 21; Mr. and Mrs. Vance J. Insdahl, 185 Miriam street, a son, October 21; Mr. and Mrs. Carl L. Kendall, Daly City, a daughter, October 27; Mr. and Mrs. James D. Williamson, Daly City, a daughter, October 27; Mr. and Mrs. Paul Gioni, Daly City, a son, October 31.

FIFTEEN YEARS AGO IN THE RECORD

Friday, Nov. 11, 1938. — At the regular monthly meeting of the DC fire department the following members were appointed as publicity agents for their respective companies: general department, Chief A. P. Chesney; Company No. 1, Captain Petersen; Company No. 2, Ed Goldkub Jr.; Company No. 3, Captain Kennedy; Company No. 4, Commissioner Coleman; Company No. 5, T. Tallon; Company No. 6, A. J. Gaggero and for the soft ball team, manager Ennis delegated the position to T. Tallon.

Mr. and Mrs. Jay Jense and daughter Barbara of Lawndale, E. E. Quinn of Evergreen avenue, Mrs. M. Humphrey, Charles Humphrey and children William, Ray and Whvone of San Diego avenue motored to the top of Mount Diablo Sunday.

Tonight, November 11, will mark the last cub pack No. 141 meeting of the registration year. December will be the beginning of the third year as a chartered pack for the group.

At the coming meeting six boys are to become cubs. They are Elmer Raanes, Rangel Yorks, Richard Walker, Jack Watson, Allen Pettigrew and Rodney Duffy.

Four den mothers have been secured for the coming year. They are: Mrs. Derungs, Den 4; Mrs. Devlin, Den 1; Mrs. Maravelias, Den 3; and Mrs. Sterner, Den 5.

TWENTY FIVE YEARS AGO IN THE RECORD

Friday, Nov. 16, 1928. — Mrs. Martha Wegner of Crocker avenue entertained a group of her friends on last Friday afternoon and eve-

My Mad World

By Leonore Brewer

I recently celebrated my birthday and received from one admirer the complete third edition of "Grove's Dictionary of Music and Musicians," customarily referred to casually as "Grove's." This tome is so ponderous that it requires six volumes, five of which contain over 700 pages each.

Herein lies enough knowledge to keep me busy for at least five of my nine lives, and as I am unable to keep a newly learned tidbit to myself, you might say that the Grove's is not mine alone, you will get your share.

Trusting that we could find a topic for today's effort, the greater part of the time usually reserved for the column has been frittered away, glancing through what Grove's has to say on some of the composers with whom we are on nodding terms. This led us to Orlandus Lassus, totally unknown to us, who died before 1600 and to whom Grove's has devoted eighteen of their double-columned pages. A recent record catalog lists only one of his works on LP, so we can't be the only people who have never been introduced to him.

We browsed further and met Rossini who died in Paris the day you read this column, Friday, November 13, 1868. Should you ask the average opera-goer what Rossini wrote, you'll hear of "The Barber" written in thirteen days, and possibly "William Tell," particularly if the latter's overture is at that moment being butchered by a junior member of the household. New Yorkers with singularly long memories may add to these, "Semiramide" and "Italiana in Algeri," and now that the New York City Center is doing it, we can add "La Cenerentola," known to millions of children as "Cinderella."

Grove's lists slightly more than fifty operas, including three "Otellos," the first of which displaced its public due to its tragic termination. This resulted in Rossini's devising a happy ending for Shakespeare's tragedy, proving that the desire to leave the theater smiling is not endemic solely to the United States and the Twentieth Century.

If you like your human beings to be human though geniuses, you will laugh at one of Rossini's more endearing characteristics, which was the rather lazy habit of lifting bits and pieces from previous works which had either failed at the time or had become forgotten. He would then insert them into whatever he was composing at the moment. Such self-plagiarism undoubtedly came in handy during rush hours, but he failed to foresee the subsequent embarrassment when the day would come that would see all of his works published.

He was a happy exception to the belief that all the great composers were unappreciated, starving beings who died in obscurity and were quietly deposited in unmarked graves. Rossini spent his last years in Paris and had a summer villa at Passy, where gathered all the most illustrious names in literature and art. His funeral, a gorgeous affair, took place at the Church of the Trinite on Saturday, November 21, and many of the famous singers of the day, including Patti who is known to even the most casual reader, sang some of the composer's music as a last tribute.

ing in honor of her birthday. Mrs. Wegner received many lovely gifts from her friends. The evening was spent in dancing to the radio music, after which tempting refreshments were served to the following: Mrs. E. Moore, Mrs. L. Stienkamp, Mrs. J. Witt, of Berkeley, Mrs. C. Soltau, E. Fruchtmann, Mrs. D. Bristen, Mrs. Martin, Mrs. M. Barriolo, of San Jose. Mr. and Mrs. Carl Witt, Fred Wegner, N. Wegner and John Flege.

For the second time in the past few months the County Line House in Visitation Valley was raided late Saturday night by Sheriff J. J. McGrath and posse. Ah Lee and Willie Chang, Chinese, were arrested and charged with gambling. They were released from the county jail in Redwood City when they furnished \$250 cash bail.

Miss Mildred Mansfelt, daughter of Mr. and Mrs. J. H. Mansfelt, was given a surprise birthday party last Monday evening at the home of her parents on Templeton avenue. The evening was spent playing games and dancing, after which dainty refreshments were served to the following guests: Misses Gladys Oaklev, Marion Mansfelt, Mildred Mansfelt, Myrtle Augustien, Helen Reinhart, Clytie Clonsky, Elsie Bodker, Gladys Eldrup, Dorothy Eldrup, Helen Knoll, Cora Torris, Buster Eldrup, Mrs. S. Eldrup and Mrs. W. Oakley.

Letters To The Editor

Report Card Editorial Lauded By Teacher

Gentlemen: You are to be commended on your thoughtful and enlightening editorial on "Report Cards." As I sit here, making out the report cards for my class, I wanted to say "thanks"—for it really is a "tough" job of "reporting" for a teacher.

Sincerely,
A teacher of Jefferson Elementary School District

Appreciates Publicity On Bayshore PTA

Dear Editor: I have owed you ten cents since April. I was certain that I would have made a trip to your office by this time, but since I haven't here is the dime.

Nov. 7, 1953

We can never thank you enough for printing all our PTA publicity as we have no paper in Bayshore, it means more than words can say.

Thanks a million,
Mildred Pleskach

Safety News From Your Local Police

Drivers are still disregarding the flashing red lights on stopped school buses and, what's worse, they are still killing and injuring students.

Recent cases show where several children were injured, one fatally, by motorists who sped past buses displaying the flashing red lights. It is pointed out that when the red warning lights are in operation, all vehicles approaching a school bus from either direction must come to a halt and remain standing until the lights go out. The law requires the bus driver to operate the lights only when he stops to take on or discharge youngsters who must cross the road or highway.

If the bus stops to pick up or let out school children who live on the same side of the road, then the driver is not permitted to flash his red lights and other vehicles may proceed normally.

A school bus ride is one of the safest ways to travel in California, but the children face their greatest danger crossing the road before getting on or after getting off the bus.

If drivers will stop when they near a school bus with flashing red lights, then even that danger can be minimized.

Accident Report (Nov. 1-8)
Total: Six auto-auto.
Breakdown: No injuries.

How Can I?

Q. How can I prevent stains when ironing over a spot on which peroxide has been applied to remove scorch?

A. Do not iron directly on the spot moistened with peroxide, as this leaves rust stains on the garment. Place a clean dry cloth over the spot and iron with a medium warm iron, replacing the top cloth when the peroxide soaks through.

Q. How can I keep the hair brush clean?

A. Put a teaspoonful of ammonia into warm water; dip the brush up and down until clean. Dry with the bristles down; this prevents the bristles from coming out, and also hardens them.

Q. How can I keep an angora wool sweater fluffy?

A. Long-fibered wool should be brushed thoroughly while it is drying. It will then be fluffy and the original appearance restored.

Q. How should butter be measured?

A. Don't try to measure butter for recipes by cramming it into a cup, thereby wasting quite a bit of it. A pound brick of butter is equal to two cups and all the various measures can be very easily figured from this.

Q. How can I prevent rusting of hinges?

A. Wash the metal hinges on doors frequently in warm soapsuds, and they will not need so much polishing. Wipe dry after washing, and to prevent rusting, rub with oil.

Q. How can I lessen the drip from candles?

A. A simple method of accomplishing this is to place the candles in the refrigerator for several days before using.

Q. How can I loosen the dirt in any white articles, such as curtains, blankets, spreads, and such, which are soiled very badly?

A. Soak over night in cold water, to which a handful of borax has been added. This loosens the dirt so that it will wash out readily the next day, and a beautiful color is imparted to the material.

Q. How can I make good use of leftover cooked ham?

A. Combine it, finely chopped, with cooked macaroni and medium white sauce; top this with grated cheese. Brown in the oven, and serve with hot biscuits and a mixed green salad with French dressing.

Q. How can I wrap an attractive gift package if, at the last minute, I find I have no ribbon to use for tying?

A. Use a piece of colored yarn. It will prove very attractive, especially if two colors of yarn are used.

Q. How long should clothing be soaked before laundering?

A. The soiled parts of clothes should be rubbed with soap before putting them to soak. If they are to be soaked overnight, put the clothes into cold suds; if to be washed within a short time, soak them in hot suds.

GARDENER'S CHECKLIST

1. Better hurry, with tulip, hyacinth and daffodil planting. Best results are made with plantings prior to November 15.
2. Plant in the vegetable garden:

carrots, beets, turnips, cabbage, cauliflower, brussel sprouts, swiss chard and onions.

3. Set out Spring flowering plants: Pansies, violas, snaps, stocks, baby primrose and calendulas.

4. Protect new plantings from snail damage by broadcasting bug pellets.

5. Rake up and burn old leaves

THE RECORD — Page 3

OVER 2000 SCOUTS TO ATTEND ANNUAL FETE

James Massatti, general manager of the California state chamber of commerce will be featured speaker at the San Francisco Scout Council annual recognition dinner to be held Tuesday evening in San Francisco's Civic auditorium.

Over 2000 friends of the scout movement will participate in the affair held in honor of many volunteer scout leaders in this area as well as service clubs, church, fraternal organizations, veterans' groups, PTAs and other institutions that making scouting available to the district boys.

Dr. Herbert C. Clish, San Francisco superintendent of schools, will be moderator at the event which marks the 37th anniversary of the San Francisco Council (which includes Daly City). Also on the program will be Kenneth Bechtel, president of the Industrial Indemnity company and the San Francisco Scout Council.

Judge Milton D. Shapiro, Superior Court and Oscar C. Alverson, council scout executive, will also be on hand. Chairman of the dinner is David Blair of H. Liebes & Co.

Massatti, who will speak on the six most important documents, is well known in the field of education and public service. He is an authority on the constitution and formerly taught American history several years at the University of Southern California. He left teaching in 1927 to become editor of the

Westlake School News

Mrs. Dowd, Grade Two

Fifth Grade
Mrs. Fisher, Teacher

In the fifth grade we have been busy with many things for the first two months of school. We feel that we are really on our way into the first lap of the year.

The fifth grade studies all about our own country and at this time of year it is especially nice to be studying about the Pilgrims and the New England Colonial times.

For this, we have a charcoal mural which tells the beginnings of Colonial times and Thanksgiving time.

Classroom elections were held and our new officers are: Grady Robertson, president; Sandra Amstutz, vice president; Sharon Moran, secretary; and Barbara Schnal, treasurer.

This past month we had a mother-teacher tea which was well attended and very much enjoyed. We made our own invitations and sent them to our mothers. Now, we wish to say Happy Thanksgiving

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

The first two weeks of November have passed and Thanksgiving is less than two weeks away. Where has this year gone? As is usual there has been a lot happening in "our town" this past week, so here goes with the news.

Accidents will happen. MISS SHARON CASAD was walking across Brunswick street and didn't see the car which, fortunately, was going slow. She ended up with cuts and bruises. To add insult to injury, she is now confined to bed with a bad cold on top of the cuts and bruises.

MISS BEVERLEY CRAIG really has her troubles. She likes to go horseback riding, but she and the horse just never seem to see eye to eye. Last time she fell off, and this time, with another horse which was supposed to be a nice quiet one, she was taken for a nice ride when the horse bolted across the highway. Could be, maybe, Bev should try a bike next time.

MRS. LYNNE BOSKEY, our town's very active beauty operator, has as her house guest MRS. PEARL HIGGINS, her mother, who arrived to pay an extended visit. This is the first time in over a year that Mrs. Higgins has been to visit here and we wish her not only good weather but a good time while she is here.

Items of Interest
MRS. JEAN HEIM of Woodrow street is now up and around after a serious illness. She had a broken blood vessel in her nose which caused a great deal of trouble. After several blood transfusions, she is now out of danger. Take it easy, Jean, and stay well.

THE EAGLE'S AUXILIARY No. 1848 bowling team is really something. Of the five members, two have received two pins, one has three pins, and the other two each have one pin apiece for bowling their 200 game scores. This is considered quite good for the girls as 300 is a perfect game. Keep it up gals, and congratulations to the team.

An interesting evening was spent at the home of MR. and MRS. LYL INGERSSOLL last Sunday. They had as dinner guests MR. and MRS. S. HANNAH, MR. and MRS. EASON, MR. and MRS. HARTLEY APPELTON, MR. and MRS. T. CALLAN, MR. and MRS. MCGEEIN, MR. SMITH, MRS. KENNEDY and MR. ELIO FONTANA. After dinner the guests were shown colored movies of the trip the Ingersolls took to the Islands recently, and also of Mr. Ingersoll's trip to Atlantic City. Unlike many home movies, these were exceptionally good and were greatly enjoyed by all.

HILLCREST CIRCLE No. 143, U.A.O.D., held their installation of officers in the blue room of Masonic hall last Monday night with MRS. ANGIE SERENI being installed as Arch Druidess for the coming term. After the ceremonies, which were open to the public, the members and friends adjourned to the social hall where refreshments, consisting of ham, salad, rolls, pie and coffee, were served amidst beautiful decora-

tions. MRS. ELEANOR CAMERON headed the decoration and refreshment committees, and the gift committee was, as usual, MRS. CLARA POKET and MRS. MARY CRANE. Congratulations and all the best wishes for a successful term are wished by all to Angie.

The FRIENDLY TWELVE met last week at the home of MRS. MARTHA WEGNER of Crocker avenue. Luncheon was served and heartily enjoyed by all the ladies. They then played a new kind of card game that is a version of bingo, with each person bringing a prize and all playing until each one has won a prize. Sounds like fun, huh, neighbors.

MR. and MRS. BLAINE CHESNUT of Washington street celebrated their first wedding anniversary last week. There is also another cause for celebration in the Chesnutt home as their daughter, LINDA LEE, 6 lbs., 2 ozs., who was born on October 18, was there to help them celebrate. She wasn't able to partake in the celebration but she was there to be admired. Congratulations, kids, on both your daughter and your anniversary.

A happy birthday is wished by all the neighbors to MRS. ELIZABETH SORENSON, president of Old Glory Post Auxiliary No. 2044. Mrs. Sorenson is well known to all the folks of our town for her many activities, and the best is wished her by all.

Servicemen
Another of the fellows who has grown up under our noses is now in the service. LEROY LARSON, son of MRS. EVELYN LARSON, is now in the Coast Guard. At present he is stationed at the Coast Guard base in Alameda. Good luck and all the best wishes on your new career, Leroy, from all your friends.

After quite a hectic experience, PFC. GEORGE CONSTANTIN has landed in Japan. George and a few of the other fellows missed the boat that they were to take. That didn't stop him from leaving—as the Army had them flown by transport plane. They left on a Saturday and were in Japan a few days later. When the Army wants you in Japan they sure see to it that you get there—if not one way, at least by the other. Bet George doesn't miss the boat when it comes time for him to come home.

A/B EDWARD F. HARPER, who is in basic training at Lackland Air Force Base, was heard from this week. Eddie, who is used to our mild climate, can't quite get used to the Texas weather. According to him the north pole couldn't be any colder and the weather can't make up its mind whether it is going to snow, blow, rain, hail or be just plain miserable. Cheer up, Ed, the worst is yet to come.

CPL. ROBERT E. STONE was home on a weekend pass last Sunday just in time to walk into a celebration in his honor. Seems that it was Bob's 22nd birthday and the first one that he has been able to spend at home in the last three years. I remember the letter I got from Bob around this time last year when he was sitting

ing in a bunker on Sand Bag Castle, and there certainly was no cause for celebration then. Bob is still at Camp Roberts, but rumor has it that he may be moved again soon. The happiest of birthdays to the finest of boys is wished Bob by all the neighbors.

This is an idea that was passed on to me to pass on to you. Many of us are getting packages ready for Christmas to send to the fellows who can't be home at that time. When you wrap their packages why not make small leis out of wrapped candy and put it around the gift? In the islands a lei is given on any and all occasions. While on the subject of Christmas packages, have you sent yours yet to the boys who are overseas? There are two more days left before the November 15 deadline. If you do not have some one in the service who is overseas there must be a boy that you either know or have heard of to whom you could send something. If there are any of the neighbors who would like the name of a boy, just call me and I can give you one from any branch of the service that you prefer. Just picture yourself away from home for the first time at Christmas and you'll know how much even a card would mean to them.

News and Views
MRS. ALLEEN BRUSH was the surprised recipient of a baby shower last week. The reason for the surprise being that Alleen, who is in Amarillo, Texas, where her husband Jim is stationed, won't know about it until she reads this in THE RECORD. Sorry that you were so far away, Alleen, but a lot of fun was had in your honor anyway, and the gifts are on their way to you.

The WANDERING HARLANDS (Foolie and Bud) like Florida so much after the cold weather they had in the eastern states that they have decided to stay there for the holidays. They won't resume their travels until after Christmas when we will be hearing more from them. Happy Holidays, kids.

MISS SHIRLEY WALKER of East Vista street had a birthday last week. As is usual many of her friends gathered to wish her happiness, and an enjoyable time was had by all.

Little JIMMY BLACKBURN of Peoria street will represent the little boy on the T-B stamp during the Daly City drive. He will have his picture in the paper and will probably be on hand to greet one and all as they give their donations.

A happy birthday is wished today to MRS. TONY LIGOURI of San Diego avenue. While Bonnie is not superstitious about it falling on Friday the 13th, any other day would have done just as well. She and her brother Bob were the same age for exactly one week, as Cpl. Bob's birthday was Sunday, the 8th, and they are twins for that length of time.

A thank you should go to MRS. LARSON'S group of Senior Girl Scouts for their help in distributing posters for the T-B Christmas seal drive. They went to all the

A LOT OF CHAIRMEN — Chairmen for the annual O. L. P. H. Christmas Bazaar, which will be held Sunday, December 6, are shown together following a recent meeting. Each member will handle one of the

booths at the bazaar. From left to right (bottom row) Mesdames Anthony Ricci, Merwin Cresta, Leon Fellman, Milan Stanley, William Carrington and Mario Sciortino. (top row, left to right) Mesdames Jack Haney,

John Mosman, Dorothy Stewart, Peter Lofrano, Louis Thiebaut, Achilles Liberti, John Vinal, James Traynor, William Kelley, Michael Cubic and James Hansen.

business people plus the doctors' and dentists' offices, and were graciously received by all. These seals pay for all the free chest X-rays that the people of our town receive when the mobile unit visits us once a year. These are important to us as there have been many incidents in which unknown T-B has been found through these X-rays.

Little RUTHIE BEECHER is the latest one of the very young set who is afflicted with that well-known ailment of childhood — MEASLES. At the moment, while Ruthie is one big measle, she is feeling better and should be her sweet and smiling self soon.

Another birthday was celebrated last week when MISS MARY ANN ORNADO reached the advanced age of eleven. Many of her friends gathered for a party with the usual birthday cake and ice cream, and one and all had a fine time.

Company No. 1 Fireladies Auxiliary met at the home of MRS. ALLEN BRUSH last Wednesday night. After much gabbing, business was finally attended to, after which the ladies were served refreshments and spent the rest of the evening playing cards.

Well, neighbors, another week's news has passed through this battered typewriter. One of these days I'm going to break down and get a new one. In the meantime, don't forget the phone number is still Plaza 5-6482, and I'll be waiting to hear from you. DON'T FORGET YOUR OVERSEAS CHRISTMAS PACKAGES! Bye now.

PSYCHIATRIST TO ADDRESS JEFF HIGH SCHOOL PTA

Dr. Lorenz F. Gerlach, noted San Mateo psychiatrist who is president of the San Mateo County Mental Health society and past chairman of the Commission of San Mateo County Child Guidance Clinic and Consultant Service, will be the guest speaker at the regular PTA meeting of the Jefferson Union High school, Thursday, November 19, at 8 p.m.

All parents and friends are urged to attend this meeting. Refreshments will be served by the Hospitality Committee.

November 5, the executive board of Jefferson Union High school met at the home of Mrs. T. Hopman for a luncheon. Mrs. T. Hollingsworth and Mrs. H. Green were the assistant hostesses.

Bayshore PTA Meet Slated Wednesday

The next regular meeting of the Bayshore PTA will take place Wednesday, November 18, at 8 p.m. in the school auditorium.

A musical program has been planned, under the direction of Mrs. Charlene Seivert, music instructor.

The faculty will act as hostess for the evening. For the benefit of those who have never registered to vote, Mrs. A. Taylor will be on hand during the meeting to register those wishing to do so.

Refreshments will be served. All parents and friends are invited to attend.

This automatic recording machine keeps track of your calls on tape, permits you to dial farther.

WITH A.M.A. YOU'LL DIAL FARTHER, FASTER

How A.M.A.—Automatic Message Accounting—streamlines telephone service with electronic magic

All over the West, people are making routine calls over much greater distances than they used to. We're always working to tailor service to the changing needs of those who use it... for example, making it possible for people to dial more of their calls over longer distances. To do this, we needed automatic equipment to record the information necessary for billing the out-of-town calls you dial. Bell Telephone Laboratories solved this complex problem with A.M.A., an amazing achievement in electronics.

A.M.A. cuts costs, helps keep rates low

A.M.A. is fast, accurate, and greatly extends the scope of dial telephone service. It saves time... and money. And it's typical of what we're doing to build better, more efficient telephone service—keep costs down and make your telephone ever more useful.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Faster telephone service is one advantage of A.M.A., which makes possible direct dialing by customers of out-of-town calls. Already installed in some parts of the Pacific West, the equipment automatically keeps track of your out-of-town calls with uncanny accuracy, sorting them out and compiling them for your monthly bills. Other installations in the West will be made as the intricate equipment becomes available. For our eventual goal is customer dialing of long distance calls to all parts of the nation.

Candlelight Ceremony Unites Local Couple

At an evening candlelight service in the Grace Presbyterian church, Saturday, November 7, Tova Joy Hollingsworth became the bride of Donald Francis Wilson. The Rev. William Harberts officiated.

The bride, the daughter of Mr. and Mrs. Arthur F. Hollingsworth, was gown in bodice lace over satin. She wore a slight hoop effect net skirt over satin. Adorning the finger tip veil was a seed pearl tiara.

Maid of honor, Miss Betty Duffy, and bridesmaids, Mrs. Robert Holtzer and Mrs. Raymond Recker, wore yellow dresses of lace bodice over satin and yellow net skirts over satin.

Jack Wilson, brother of the groom, was the best man. Ushers were Robert Holtzer and Ronald Quint.

Both bride and groom were graduated from Jefferson Union high school in 1952.

After a honeymoon in Carmel, the young couple will make their home in Westlake.

Hillcrest Circle No. 143, Druids, Install New Officers In Impressive Ceremonies

Hillcrest Circle No. 143, UOAD, recently installed the following officers for the coming term: Arch Druidess, Angelina Sereni, First Bard, May Baker; Second Bard, Victorine Lombard; Conductress, Barbara VanBuskirk; Assistant Conductress, Leola Bell; Inside Guardian, Rose Giori; Trustee, Marie Markgraf, Dolly Brush and Evelyn Hutchings; Auditors Florence Young, Cecelia Edinger and Martha Wegner; Chaplain, Lynne Boskey.

The installation was beautifully conducted by Deputy Grand Arch Druidess Lillian Felch, assisted by Past Grand Arch Druidess Medeleine Fellows, Grand Treasurer Grace Hill and Past Arch Druidesses of the Circle.

Arch Druidess Angelina Sereni appointed Catherine Foreman, Winifred Evans and Mary Crane as Flag Detail.

Past Arch Druidess Eve Hobbs has completed a very successful term and many words of praise were given for her good work.

Hospital Chairman Lynne Boskey has completed plans for the Christmas party to be given in Ward M-1 at Letterman hospital on December 15. There will be gifts for every patient, entertainment and refreshments. The members as well as the patients enjoy these visits each month.

The Circle will hold its Christmas party for members and their children on December 14.

Plans are under way for a membership drive to begin in January.

Education Panel To Appear Before Hillside PTA Meet

H. Z. Weibel, superintendent of the Jefferson Elementary School district, will act as moderator on a panel "To Talk It Over," which will be held Wednesday at the Colma school for members of the Hillside PTA.

Miss Marjorie Tobias, principal, will act as teachers' representative in the panel, while Mrs. A. Conrad, school nurse, and James Mason, recreation director, will represent recreation. Speaking for the parents will be Mrs. Chester Mattison, Fred Schweickhardt, director of education for the district, will offer education's side.

The panel event will commence at 8 p.m.

Local Eagles "Producer" Dinner Held At Wharf

Annual "Producers" dinner for Aerie 1848, FOE, was held last Thursday at the Exposition Fish Grotto, Fisherman's Wharf.

During the dinner, members producing the most new recruits in the past year were honored.

Sixteen members attended the function. Del Fehl, with ten new members, was the leading producer.

Elementary District Coordinators Tell PTA Their Duties

The coordinators of Jefferson Elementary School district explained their duties to an interested audience of Westlake PTA members at the November 5 meeting of the unit. F. Schweickhardt acted as moderator of the panel in the absence of Mrs. L. Bostwick. Heard from were: Mrs. J. Tolle, art coordinator; Mrs. M. Vint, vocal music coordinator; Miss A. Belli, speech coordinator; Mrs. A. Conrad, health coordinator; and Mr. R. Snyder, instrumental music coordinator.

Mrs. H. Bosbery presented awards to Mrs. D. Oberlander and Mrs. H. Schober, whose classes were winners of the PTA membership campaign. Mrs. Bosbery announced that the membership is now 490 with only ten to go to make her goal. Mrs. M. Fernekes was presented with the prize for having the most parents present at the meeting.

Mrs. Jack Hagopian announced that the date of the Thanksgiving canasta party was changed to today (Friday). She urged everyone to defy superstition and attend the game. Thirty three prizes have been donated by Westlake merchants. The game is to be held

Crocker PTA Plans Budget For Year

The 1953-54 budget for Crocker PTA was set at a meeting of the budget and finance committee. Money making events which have been scheduled for the future include a rag drive, bazaar and cake sale.

The combined Crocker PTA-recreation department Halloween party, which was held at the Grace Presbyterian church, was a definite success, according to the PTA.

Mrs. Eugene Grant, Mrs. Gene Vargas, Mrs. Betty Day, Mrs. Georgia Dunham, Mrs. Clarence Scianone and Mrs. Jack White were the very able assistants, whose hand work insured the success of the party.

Mrs. John Eckert, unit president, wishes to thank the following ladies who helped her with the United Crusade: Mrs. Aline Franchis, Mrs. Orphe White, Mrs. Lorraine Fazendin and Mrs. Walten Atkins. Mrs. Eckert was very pleased with the results of the local drive.

OLD GLORY AT VFW AUXILIARY DISTRICT MEET

Mrs. Stella Disbrow of Capitola, president of the 12th district of the Veterans of Foreign Wars Auxiliary, presided at a meeting held Sunday at Morgan Hill.

President Elizabeth Sorensen of Old Glory Auxiliary, accompanied by Eleanor Cochran, Elsie Iretton, Leona Lombardi, Clara Poket and Lorraine Schneider, were in attendance at the meet.

Mrs. Cochran is patriotic instructor, while Mrs. Poket is trustee and Mrs. Schneider is chaplain. At the meeting it was voted to continue taking care of the aquarium at the Palo Alto Veterans' hospital.

According to the Auxiliary, the patients enjoy watching the tropical fish.

A television set is to be presented to one of the wards at Yontville.

One of the members of Auxiliary 344 is going to knit an afghan, which will be sold to raise money for these projects. The next district meeting will be held February 6 in Capitola.

Woodrow Wilson PTA Awaits Two Activities

Two important events are on the agenda for members of the Woodrow Wilson PTA.

Tuesday Fathers' night will be held in Room 10 of the school, beginning at 7:30 p.m.

A bazaar is scheduled for Friday, November 20, in the school's multi-purpose room.

In the multi-purpose room of the school at 7:45 p.m.

At the close of the meeting, doughnuts and coffee were served by the sixth grade mothers.

Program Director Tells PTA Of Bay Area Educational Television

The members of the James L. Snell PTA who met at the all-purpose room in the Garden Village School on November 4 heard James Day speak about one of the most interesting and important subjects concerning the Bay Area; namely, Station KQED. This is the educational, non-commercial television station which will be received in Channel 9, and which will serve eight counties. It is owned and operated by the Bay Area Educational Television Association, of which Day is program director.

Background Facts

The speaker first discussed some background facts about the start and setup of educational television in general, and then brought up the subject certain to be of most interest to all parents—the programs to be featured. Basically, KQED is starting out with just two programs; a children's hour from 5 to 6 in the evening and an adult education period from around 7:30 till 9 at night. Each children's hour will consist of three 20 minute sections, each section dealing with an entirely different subject. There will be an arts and crafts show (this will be a daily feature); two kinds of science shows, one on birds and mammals and one about children's collections of butterflies, rocks, etc. There will be a show about literature, presenting good children's books through various media—reading aloud, story-telling or dramatization. And there may be a show about history, teaching through cartoons. This is just the beginning; later, many other kinds of shows will be developed.

Stimulate Education

Day stressed the point that it was not the intention of KQED to educate children, or adults, by making them sit in front of the television set and watch all the programs from beginning to end; rather the aim was to stimulate thinking and lead them to new interests and activities.

A particularly interesting fact was brought to light when Day mentioned that, in addition to live shows, use would be made of the excellent kinescope films made available through the Educational Television and Radio Center in Ann Arbor, Michigan. Here films of the best shows of all the educational television stations in the country are kept and exchanged. Eventually, this center hopes to interchange films with other countries all over the world, making a vast source of knowledge and interest available to all of us right in our own living rooms.

As he started to discuss the adult shows, Day made an analysis. He said that commercial television programs were like newspapers—they reached large volumes of people, whereas educa-

tional television programs were specialized, like libraries which offered a number of subjects to be chosen by individual choice.

Planned Programs

The following list of planned presentations would make any choice a good one. There will be a specialized program about chemical elements, given by Dr. Glenn Seaborg, world-renowned scientist. The Griller Quartet from the University of California will highlight some of the programs about classical music, and Stanford University will conduct a series on our rights and obligations under the United States constitution.

"Bay Area Architecture" covers a group of shows featuring city planning, architecture, landscaping, interior decorating and the like. There will be programs on labor relations, public health, employee relations and teacher training. Possibly, refresher courses could be shown for some of the professions, though not all, and one of the most revolutionary of television shows will be the college course given for credit. Each course will last for fifteen weeks, and will be given by one of the 18 colleges in the Bay Area which have gone together with KQED to plan and arrange the techniques for this feature. Someone choosing a course will register and pay necessary fees at the college giving the course, will do assigned homework during the fifteen weeks and will take a written examination at the end. KQED will try to have a wide variety of courses to offer; at present, geography, music appreciation, the Bible, psychology and ceramics are those being organized for early viewing.

Children's Hour

The children's hour and the adult education shows are all that the station has planned for the immediate future. As time goes on and KQED keeps on growing—quickly, everyone hopes—more time during the day can be used for some of the wonderful things planned for classroom presentation (such as special event and field trips), and for the programs designed to teach and entertain shut-ins. But KQED has, like everyone else, a budget, and depends on money to keep it growing. It takes about \$250,000 a year to keep the station operating, and there aren't any commercial sponsors to help out. But, as Day explained, there are several sources of financial help—in fact, a sort of four-way partnership: (1) the schools and colleges, (2) the foundations which are set up to help in situations of the sort, (3) the "downtown donors"—individuals or corporations which see the need of such projects and want to

help and (4) the public. Public contributions to KQED are made by enrollment as a charter member of the Bay Area Television Association for \$10, which entitles the member to a vote at the yearly December meeting of the Association and to a periodic program guide. Day said KQED hopes to have at least 5000 memberships. Anyone desiring to become a member may write the Association offices at 165 Post Street, San Francisco 5, or call YU 6-5910.

Those present thoroughly enjoyed every minute of Day's talk, for he spoke well and with enthusiasm about a subject he knows and believes in. It is a wonderful thing, something to get enthusiastic about. Now our children will have something to look at besides spaceships and cowboys, and our adults can broaden their lives by merely turning to Channel 9. For all of its vastness, this form of television is a personal thing. Each such station depends on the people in its home area to keep it alive and growing, and surely KQED is worth every effort on the part of those who want good things in life for themselves and their children.

In addition to Day's interesting talk, Mrs. Larry Green, president of the James L. Snell PTA, gave, for the benefit of new members, a brief explanation of the organization of the unit and its connection with the 17th District of San Mateo County and with the Coordinating Committee within the Jefferson School District. Reports were made on the success of the hot dog sale (Mrs. R. N. Hilton, chairman), which netted the PTA \$67, and the coat hanger drive (Mrs. Vincent Murphy, chairman), which netted around \$30. Mrs. Ben Marowitz, chairman of the salvage drive announced that drive will be during the week of November 30; bags will be sent home with each school child in order to collect donations of rags, old clothing, etc. A suggestion by Chief of Police Ray Savage, regarding the advisability of giving the children in the area some instruction about bicycle riding in the streets, was discussed and recommended and turned over to the safety committee for further planning and action.

Hostesses to the 76 members attending were room mothers Mrs. Jack Baumgartner, Mrs. K. O. Dean, Mrs. L. E. Cheda, Mrs. W. G. Surges, Mrs. A. J. MacCarthy and Mrs. Ken Reichard, substituting for Mrs. R. D. Guymon. A vote of thanks was extended to them for the "tasty refreshments and gay decorations."

Children's Hour

The children's hour and the adult education shows are all that the station has planned for the immediate future. As time goes on and KQED keeps on growing—quickly, everyone hopes—more time during the day can be used for some of the wonderful things planned for classroom presentation (such as special event and field trips), and for the programs designed to teach and entertain shut-ins. But KQED has, like everyone else, a budget, and depends on money to keep it growing. It takes about \$250,000 a year to keep the station operating, and there aren't any commercial sponsors to help out. But, as Day explained, there are several sources of financial help—in fact, a sort of four-way partnership: (1) the schools and colleges, (2) the foundations which are set up to help in situations of the sort, (3) the "downtown donors"—individuals or corporations which see the need of such projects and want to

Village Notes

By Mrs. Edith Warmoth (PL 5-8026)

Here's our roundup of news for this week:

SWEETWOOD

Mrs. Martha Kuhlman and sons Donald and Jimmy have returned from a month's visit to New York.

WILDWOOD

Michael Mahoney was four years old October 29. At a party given in honor of this occasion the following of his friends attended: Kathy Mahoney, Ronnie Sherman, Peggy, Laurie and Kevin McElhinny, Tommy Courtney, Ronnie Harris, Maria Elena Arejula and Melinda Hart.

The weekly canasta party of this neighborhood was held at the home of Mrs. Sheila Mahoney. The following players were on hand: Pearl Harris, Irene Park, Helen Mahoney, Freda Sherman, Mary Contreras.

MADDUX

It was a fourth birthday for Pamela Barea October 26. She was hostess at a party given for several of her friends and relatives.

87TH

Happy birthdays were extended to Nancy Lee Swoverland who was three years old November 10, Brian and Dennis Mattson and their mother, Mrs. Pat Mattson, were present to help her celebrate. Later on big brother Jimmy got in on the cake and ice cream.

MIDWAY

Karen Mattson was five years old November 7. At her party enjoying the party festivities were the following: Mike and Steve Drouillard, Renie and Becky Locke, Joyce Harris, Janice and Christine Gallagher, Alex, Dennis and Brian Mattson, Cindy-Ann and Terry Travinsky, Maryane and Billy Hope, Billy Abbott, Karen and Jimmy Manning, Jack, Dick and Tommy Crofton and Marilyn Mattson.

LOUVAINE

Mrs. Arthur Widfeldt and daughters, Patsy and Ann, have returned home to B.V. after a trip to New York where they visited relatives.

Sympathy is extended to Mrs. Ralph Gustafson whose father, Mr. Leonard Hoaglund, passed away last week.

Mrs. Cleo Chesky received a visit from her brother, Master Sgt. Vere Avery, and his children, Philip, Carol, Susie and Jimmy, who reside in Los Angeles.

A Rainbow luncheon was given by the Legion Auxiliary November 4 at the Broadmoor Community Center.

The Legion Post 824 will hold a juke-box dance November 21 when a TV set will be raffled off.

The Womens Assn. of the Broadmoor Community Presbyterian church wish to thank all those who attended their recent bazaar and those who worked to make it such a grand success.

That closes it for this time. See you next week.

County Librarian To Address 17th Dist.

"Reading With Children" will be discussed by Mrs. Marion Garthwaite, county librarian, children's department, at the November 19 meeting of 17th district California Congress of Parents and Teachers. The meeting will be held at Carlmont High school, Alameda de las Pulgas, Belmont, with the program under the direction of Mrs. David Sears, district director of the home service department. The Carlmont High school orchestra will present a short musical program during the morning.

Mrs. Jean August, field director for San Mateo county Girl Scout council, will be guest speaker for the afternoon session. Mrs. August served as Scout counselor in Greece during the summer, and will show pictures taken there. Her topic will be the international opportunities for leaders and senior scouts. Mariner Troop 66, composed of Carlmont students, will present a short skit showing the four phases of senior scouting.

As there are no facilities available for serving lunch, a nosebag lunch should be brought from home. Coffee will be prepared in the cafeteria.

Cub Pack 84 Harvest Fair Slated Thursday

Cub Pack 84 of Broadmoor will hold their harvest fair at the Broadmoor community center Thursday, beginning at 7:30 p.m.

Booths, games, refreshments will be on hand.

Mommy

Mommy, for Christmas, I'm going to ask Santa for a new doll, a pair of roller skates, a teddy bear, and dancing lessons at Mason-Kahn Dance Studios. And you know what I want most? — the dancing lessons.

Jefferson Shocks Galileo 40-6; Strong Defensive Unit Crushed

Following closely on their 32-7 disaster at the hands of Lincoln Friday, the Jefferson high Indians came back Wednesday with their most effective attack of the season to obliterate a supposedly airtight Galileo defensive, swamping the San Franciscans, 40 to 6.

If standouts have to be named, it was gangly quarterback Ray Rosa, who passed for four touchdowns and amassed 145 yards through the air, that would get the nod.

Finally Arrived

But the Indians' play Wednesday was what the pre-season prognosticators had expected to see from them right along. Downfield blocking, pass receiving, throwing and running by the backfield was all ripened to perfection for the Jeff. This week as they fielded one of the better looking prep teams to be seen in the Bay Area this season.

The game was never in doubt and Coach Joe McGrath, quickly losing the mournful look he had been carrying since last Friday's debacle, couldn't have been happier if his charges had gotten an invitation to the Rose Bowl.

Defense Toppled

The Galileans, third ranking team in the San Francisco circuit and top defensive team in that league, thought they had a real holiday when they visited Daly City Wednesday. Their coach, John Illia, indicated as much after the game. He was overcome with disbelief and admiration for the Jefferson gang, indicating that they were a better aggregation than Polytechnic, which leads the San Francisco league.

The Indians romped to an early lead, taking the kick-off and scoring in seven plays, with Del Hamann going over from the five.

Then the scores came in machine-like order, with the Indians leading 26 to 0 at half-time.

Intercepting

Rosa, hitting home 14 times in 22 pass attempts, also was valuable on defense, intercepting three passes, one which he ran back 50 yards to the Galileo five-yard line.

Those who scored, in addition to Hamann, were Bill Butler, two; Jim Minor, one; Ed Gallagher, one; Al Figone, one.

John Geertsen's toe accounted for three points, while Charlie Lewkowitz made good on one conversion.

Minus For SF

Going into the third quarter, the Galileans offense showed a minus yardage. McGrath then gave the second and third string recruits their opportunity, and, although they did allow the opposition a plus figure on the ground, they let through only one touchdown, that coming late in the fourth quarter.

Galileo's Bob Pippi, second best passer in the San Francisco grid, was held to four completions out of ten tries.

Adding insult to this, the Jeffs intercepted all six of Pippi's tries that weren't completed.

Galileo ground gaining standout Mel Sims showed a minus mark in the third quarter, but with the scrubs in managed to salvage a

little of his gridiron dignity. Coach McGrath prophesied that his team could have won 60 to 0 had the regulars been left in. But Jefferson's coach found himself in a spot that would have upset even Emily Post.

Galileo Coach Illia, a very amiable fellow, used to coach McGrath when he played on the frosh team at St. Mary's and it would have been akin to treason to rub the Galileans nose in the ground further.

As it was, McGrath felt a little ill at ease on account of the score but was, nevertheless, overjoyed to say the least about the outcome.

In the first half of the contest, Rosa was unbelievably accurate, hitting for nine out of ten. Although his accuracy wasn't dulled in the second half, his receivers, being second and third stringers, missed a few that might have been good.

Cites Blocking

McGrath cited the downfield blocking of George Spoulas, Don Delbon and John Madden as a key factor.

Final statistics showed Jefferson leading in yards rushing, 191 to 98, yards passing, 145 to 121, and first downs, 13 to 5.

Jim Honeywell led in ground-gaining, with 112 yards in five tries, for a 22.2 per carry average. This he accomplished in a single quarter, being carried out with an injury early in the second.

Other ground gainers were: Hamann, 11 yards in seven tries — 1.4 per carry; Bill Butler, eight yards in two tries — 4 per carry; Omar Grimes, 26 yards in five attempts — 5.2 per carry.

Taking in Rosa's flying leather were Jim Minor, who nabbed five for 49 yards; Ed Gallagher, one for eight yards; Delbon, two for 22 yards; Rich Rodriguez, two for 24 yards; and Figone, one for one yard.

The Indians, now in third place with a 3-2 record after their Lincoln unmentionable last week, draw a bye and go on to face San Jose next weekend.

Coach McGrath says he thinks he'll give the boys a couple of days off from practice. He says they deserve it and Wednesday's game is proof enough of that.

Sarto A. C. Defeats Fred's Cocktails

Stellar pitching by Leo Gianneccine and the booming bat of John Olcese, paced Sarto's AC to a 10-1 victory over Fred's Cocktails last Sunday.

Gianneccine scattered three hits while striking out seven batters. Third baseman Olcese batted four singles to left center field in five trips to the plate and scored three runs.

Olcese, one of the best third basemen in the Bay Area, will take on a bigger assignment after next Sunday's game against Les Vogels. Olcese is scheduled to leave for the army.

DALY CITY POLICE SHOW UP COUNTY TEAMS IN SUN. SHOOT

SECOND PLACE honors are bestowed upon Daly City's pistol team by Ray Ottoboni at Sunday's shoot. From left to right are shown Sgt. Dave Hansen, James Welsh, Gerald Schaeffer,

Ottoboni and James Sunderland.

The peak flow of the Columbia river usually occurs in June.

EAGLES OUST LIONS IN BRENTWOOD PLAY

The Daly City Eagles, moving up the standings rung by rung in the Daly City-Colma Bowling League, reached the top of the ladder Tuesday night at the expense of the Daly City-Colma Lions.

Going into this week's play at Brentwood, the two teams were all tied up with 15-9 records, but a pair of victories over the Lions ized the Eagles into undisputed first place with a 17-10 mark. The Lions are now in a three-way argument for second spot, with Paul's Flowers and Thur Meat Co. providing the new competition. All three have 16-10 records.

Paul's kept Jack's Inn standings undisturbed by taking a couple of games from them, while Thur did the same to the Brisbane Lions.

Homes by Sterling were relieved of their second-place spot by providing Kennedy Electric with two wins. Sterling now is one game out of second.

The Pearson & Rector gang were highly uncharitable to the Vince & Fred rollers who had proved so effective to date, handing the tavern keggers three-

straight setbacks. Lombardi's, who also started strong, appeared the opposite Tuesday in suffering two losses to Adeline Market, a cellar-dweller of long-standing.

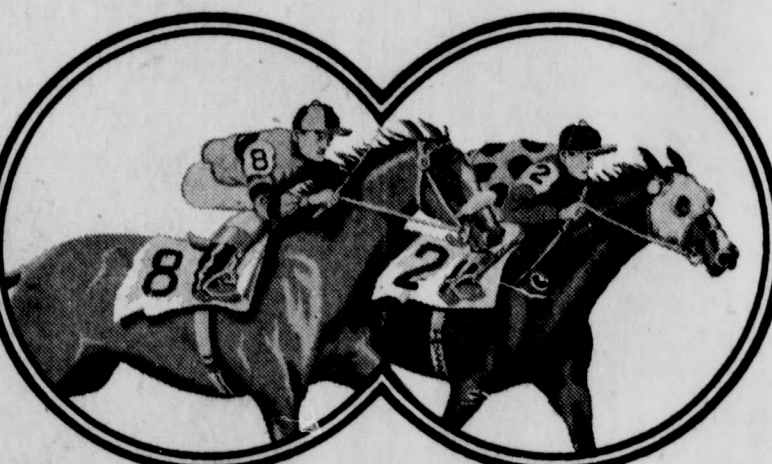

Only other three-game sweep besides P & R's was turned in by King's Market over the Orphans, whose name sadly belies their fate.

The Orphans anchor down last place with an 8-19 tote, and nobody but the Brisbane Lions seems remotely able to remove them from the dubious honor.

Ralph's Split It Adult Basketball

Playing without the services of their 6' 4" center, Myron Green, in the first league contest in the adult basketball circuit, Ralph's Cleaners was dropped, 71 to 53, by the fast-paced Alta Roofing company last week.

George Suzdaleff, hitting five of six field goal attempts in the first half, and Harvey Cranow accounted for a good portion of the heavy scoring by compiling 17 points apiece for the roofers. Alta held a 32-24 lead at half-time and never were headed, with Cranow contributing 12 points to the Alta cause in the second period.

Joe Dillon led Ralph's with 15 markers.

In this week's play Ralph's came back strong to topple unbeaten Sarto A.C., 61 to 49.

With the exception of athletic clubbers Larry Blanchard and Wayne Lovelace, who scored 16 and 21 points, respectively, the Ralph's defense capped Sarto scoring capably.

Ralph's offensive threats were well-distributed, with Dan Buccarelli, Joe Dillon and Myron Green accounting for 13 tallied apiece.

Or Was It First?

DC COPPERS SECOND IN PISTOL RIVALRY

Daly City police department, proving the value of an organized pistol shooting program, showed their stuff at the Ottoboni pistol range in Colma Sunday and came out second best in competition with county police departments.

The event was the first annual match for the Ottoboni florist perpetual trophy, held between members of the San Mateo County Police Pistol team.

The Daly City police four-man team of Gerald Schaeffer, Jim Welsh, Dave Hansen and James Sunderland, compiled 980 points to rank second among departments to Burlingame, who notched a 990 score.

Nevertheless, the local police efforts appeared brighter in view of the fact that all Daly City shooters were among the regular department, while Burlingame fielded only two bonafide bobbies, the remainder being reserves.

On the strength of this, the Daly City cops feel they won first

place, at least "morally." Welsh, who is rangemaster for Daly City, and Schaeffer, were among the day's top pistoliers, running up fifth and fourth high scores with 248 and 253, respectively.

C. V. Clayton of Broadmoor on the Sheriff's Team was high for the Sunday shoot with 269. Page Corner, a resident of Daly City, was a team mate of Clayton's on the winning aggregation.

Daly City's second (or first) place effort came in the Camp Perry Police course (a distance of 25 yards). The Sheriff's team, winners of the perpetual trophy, fired their first in the National course (50 yards).

Ottoboni, range master for the day, assisted by W. Martens, said there will be more trophies next year, and also a trophy for a special match for chiefs of police and sheriff's officers. In addition to the trophy donated by Ottoboni for Sunday's shoot, awards were provided by Dave's Meat Market and William Lagomarsino Co., both of Daly City.

Daly City police, who began their pistol shooting program over a year ago to educate themselves in the better use of firearms, now can boast that over half their members fire a mark of 200 or more.

The position or rangemaster, held by Welsh, was officially created by the council last month in order to better carry out the program.

Chief Roland Petrocchi said that "as a department, we are now far advanced of any city in the county in the use of firearms."

Next competition for the local team will be Sunday against police departments of the entire Bay Area, where, Petrocchi thinks, the competition promises to be much stiffer.

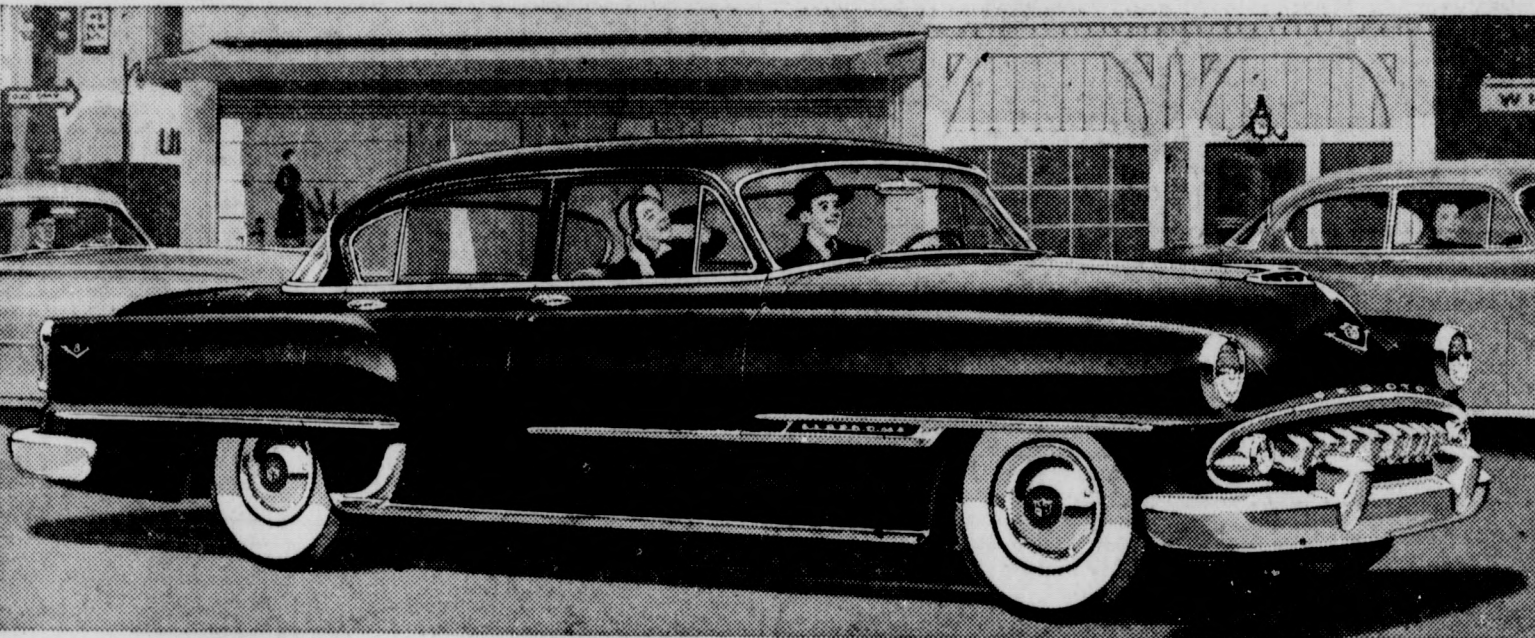

Second team shooting for Daly City police last Sunday consisted of Bruno Conci, Dean Wood, Petrocchi and Les Bastedo.

Daddy

You like to watch football on TV, daddy. I'd like to have dancing lessons at Mason-Kahn Dance Studios. Please, daddy. They teach mommies and daddies, too.

ADULT CLASSES, TOO!

How the beautiful New 1954 DE SOTO AUTOMATIC puts you ahead in traffic!

Driving's A Pleasure Again With New PowerFlite Transmission, New Full-Time Power Steering, And The New 170 H.P. Fire Dome V-8 Engine! ON DISPLAY NOW!

We're Demonstrating Now!... The car that puts you ahead in traffic because it's capable of carrying out sudden orders swiftly and safely at all speeds! The new 1954 DeSoto Automatic with PowerFlite!

New PowerFlite Transmission! Fully-automatic—no clutch—smooth and silent operation! Permits getaway and split-second response matched by no other! Entirely eliminates the old-time clutch pushing and gear shifting!

New 170 H. P. Fire Dome V-8! Stepped up horsepower for America's most efficient engine means even greater acceleration and power reserve than the record FireDome engine of the past! It's economical, too!

New Full-Time Power Steering! Easiest, safest steering known! Wheels respond faster, all hard work of turning and parking is eliminated! Makes parking easy as dialing a phone.

Power Brakes, too! Assure quick, safe stops with half of the usual pedal pressure! No "jamming down" . . . no stretch . . . all strain gone!

Plus New Ensemble Style! Long low body, massive new bumpers and grille . . . and completely new interior with solid-color mouldings, decorator-matched fabrics, exquisite new contrasting-color instrument panel! Come in and inspect a Fire Dome V-8 or Powermaster Six.

DE SOTO Puts You Ahead AUTOMATICALLY! See It! Drive It! You'll Love It!

Ordinance No. 1

NORTH SAN MATEO COUNTY SANITATION DISTRICT

AN ORDINANCE PROVIDING FOR THE EMPLOYMENT OF A SANITARY INSPECTOR, PROVIDING PERMITS AND FIXING FEES FOR THE INSTALLATION OF SANITARY SEWER LATERALS AND REGULATING PLUMBING, DRAINAGE AND SEWERING IN NORTH SAN MATEO COUNTY SANITATION DISTRICT.

The Board of Directors of North San Mateo County Sanitation District, San Mateo County, California, do ordain as follows:

ARTICLE I. DEFINITIONS.
Sec. 1.1. Definitions. For the purpose of this ordinance the terms used herein are defined as follows:
Sec. 1.2. District is North San Mateo County Sanitation District, San Mateo County, California.
Sec. 1.3. Board is the Board of Directors of said district.
Sec. 1.4. District Secretary is the Secretary of said Board.
Sec. 1.5. County is the County of San Mateo.
Sec. 1.5a. City is the City of Daly City.
Sec. 1.6. Person is any human being, firm, company, partnership, association, and private and public municipal corporations, the United States of America, the State of California, districts and all political subdivisions, governmental agencies and mandatories thereof.

Sec. 1.7. Street is any public highway, road, street, avenue, alley, way, easement or right of way.
Sec. 1.8. Side Sewer is the part of the horizontal piping beginning at the foundation wall of any building and terminating in the main sewer, or septic tank.

Sec. 1.9. House Sewer is any sewer or drain beginning at the plumbing or drainage outlets of any buildings and running to the property line.

Sec. 1.10. Lateral Sewer is the portion of the side sewer within a public street.

Sec. 1.11. Outside Sewer is a private sewer beyond the limits of the District.

Sec. 1.12. Subsoil Drain is that part of the drainage system which conveys the ground or seepage water from the foot of the walls or below the cellar bottom independent of the house drain.

Sec. 1.13. Private Sewer is one which has an independent sewage disposal not connected with a public sewer and which accommodates one or more houses.

Sec. 1.14. Plumbing System includes all plumbing fixtures and traps, or soil, waste, special waste and vent pipes, and all sanitary sewage pipes within the property lines of the premises.

ARTICLE II. GENERAL PROVISIONS.
The following rules and regulations respecting sewer construction and disposal of sewage and drainage of buildings and connection to the sewerage system of said District are hereby adopted, and all work in respect thereto shall be performed as herein required and not otherwise.

Sec. 2.2. Purpose. This ordinance is intended to provide certain minimum standards, provisions and requirements for design, methods of construction and use of materials in sanitary sewerage facilities in lateral sewers hereafter installed, altered or repaired. This ordinance shall not apply retroactively and, in the event of an alteration or repair hereafter made, it shall apply only to the new materials and methods used therein.

Sec. 2.3. Short Title. This ordinance shall be known as North San Mateo County Sanitation District Sanitary Code.

Sec. 2.4. Publication. Upon adoption this ordinance shall be entered in the minutes of the Board, and shall be published once in The Record, a weekly newspaper of general circulation, printed and published in the District, within 15 days following its passage and adoption, and shall take effect and be in force upon the expiration of 30 days after its passage.

Sec. 2.5. Private Property. The installation, use, maintenance, repair and inspection of all plumbing and sewers inside private property shall be subject to and governed by the Plumbing Ordinance of the City of Daly City and the County of San Mateo, now existing or as hereafter amended.

Sec. 2.6. Plumbing, Inspection, Compensation. The Board of said District shall employ some fit and qualified person to perform the duties of inspecting the installation, connection, maintenance and use of all lateral sewers and plumbing, sewerage, sanitary drainage work and facilities in connection therewith in said District, to be known as the Sanitary Inspector. The person so employed shall receive as compensation for his services for making inspections required to be made by the ordinances, and orders and regulations from time to time enacted and ordered by the Board, a sum to be fixed by the Board, and shall serve during the pleasure of said Board, and may be another district official.

Sec. 2.7. Sanitary Inspector, Certificate. The testing of lateral sewers must be made in the presence of the Sanitary Inspector, and if the test proves satisfactory he shall issue a certificate to that effect.

Sec. 2.8. Previous Notice. In all cases twenty-four (24) hours' notice must be given and filed in the office of Sanitary Inspector when the work is sufficiently advanced

Ordinance No. 1

NORTH SAN MATEO COUNTY SANITATION DISTRICT

or inspection.
Sec. 2.9. Condemned Work—Notice. When any lateral sewer has been inspected and the work condemned and no certificate of satisfactory completion given, a written notice to that effect shall be given informing the owner of the premises, or the agent of such work, to repair the sewer in a workmanlike manner.
Sec. 2.10. Fees. A fee of \$5.00 shall be paid to said District for inspecting a lateral sewer installation.
Sec. 2.11. Right of Entry. The Sanitary Inspector shall wear or carry an official badge of office or other evidence establishing his position as such, and upon exhibiting same shall have the right of entry in and upon any and all buildings and premises within said District for the purpose of making inspections, re-inspections, or otherwise performing such duties as may be necessary in the enforcement of the provisions of this ordinance.
Sec. 2.12. Responsibility for Defects. All plumbers shall be held strictly responsible for any and all acts of agents or employees done under this ordinance. Upon being notified by the Sanitary Inspector of any defect arising therefrom in any sewer or of any violation of this ordinance, the person or persons having charge of said work shall immediately correct the same.

ARTICLE III. LATERAL SEWERS.
Sec. 3.1. Lateral Sewers. Permit Required. A lateral sewer shall not be constructed or a connection made to the main sewer in the District without first obtaining a permit therefor from the Sanitary Inspector. If work under any permit be not commenced within six (6) months from the date of issuance or if after partial completion, the work be discontinued for a period of (1) year, the permit shall thereupon become void, and no work shall be done at the premises until a new permit shall have been secured. A new fee shall be paid upon the issuance of said new permit.
Sec. 3.2. Application. Contents. In the application for a permit to construct a lateral sewer, or make a connection to any main sewer, the owner of the property, or his representative, shall describe, and shall show by a plat or diagram, the exact location of the lateral sewer and the connection to the main sewer, and shall state the day upon which the proposed work will be commenced.
Sec. 3.3. Permit. Departure. When approved by the issuance of the permit such location shall not be departed from without written consent of the District or its authorized representative.
Sec. 3.4. Joins. Joint material used shall be O. K. Joint Compound or equal approved by the Sanitary Inspector.
Sec. 3.5. Trenches. Inspection. All trenches shall be left open and all lateral sewers and connections to the main sewer must be left open for inspection, until inspected and approved in writing by the Sanitary Inspector. Upon written approval after such inspection, trenches shall immediately be backfilled, and the street restored to its original condition.
Sec. 3.6. Trenches. Backfilling. Trenches for lateral sewers within public streets shall be excavated and backfilled and the pavement restored in strict accordance with the laws, ordinances and regulations of the State of California, County of San Mateo, City of Daly City, or any department, authority or agency of either having jurisdiction of such street. Backfilling can only be done after inspection and approval of the work done. Upon failure within three days to correct any work as ordered by the Inspector, said work shall be corrected by the Inspector and the cost thereof deducted before remitting the balance of the cash bond to the applicant.
Sec. 3.7. Bond. A deposit of not more than \$100.00, to be fixed by the Sanitary Inspector as the estimated cost thereof, shall be made with said Inspector to guarantee faithful performance of the provisions herein with reference to the construction of a lateral sewer, whole of which shall be returned upon the completion of the work, when the work is done other than by said district. When said work is done by said district only the balance above the cost thereof shall be returned.
Sec. 3.8. Laterals. Backfill. Backfill shall be placed and thoroughly compacted under and on each side of the lateral sewer to a depth of four inches above the pipe. The balance of the trench shall be immediately backfilled to the surface of the adjacent ground in accordance with the general specification of the County of San Mateo and the City of Daly City now existing or as hereafter amended.
Sec. 3.9. Pavement. Where any existing pavement or surfacing in any street must be cut for the purpose of constructing any lateral sewer, the owner or his representative shall comply with all state, county and city laws, ordinances and regulations pertaining to the cutting, opening, replacing and repaving thereof, and shall obtain all permits and shall pay all fees required by the state, county and city or department having jurisdiction thereover. Pavement shall be restored to the character of improvement existing prior to the beginning of applicant's work.
Sec. 3.10. Barriers and Lights. The applicant shall maintain such barriers, lights and signs as are necessary to give warning to the public at all times that a lateral sewer is under construction and of any dangerous condition to be encountered as a result thereof. He

shall also likewise protect the public in the use of the sidewalk against any such condition in connection with the construction of the house sewer.

Sec. 3.11. Liability. The District and its officers and employees shall not be answerable for any liability for injury or death to any person or damage to any property arising during, or growing out of, the performance of any work by any such applicant. The applicant shall be answerable for, and shall save the District and its officers and employees harmless from, any such liability imposed by law upon the District or its officers or employees, including all costs, expenses, fees and interest incurred in defending same or seeking to enforce this provision. Applicant shall be solely liable for any defects in the performance of his work or any failures which may develop thereon.

Sec. 3.12. Lateral Sewer Materials. Lateral sewers shall be constructed of No. 1 vitrified salt-glazed clay sewer pipe and fittings having an internal diameter of not less than four (4) inches, or of standard weight cast iron pipe having an internal diameter of not less than four (4) inches.

Sec. 3.13. Main Connection. Lateral sewers shall be connected to the main sewer at a standard wye or tee branch, where such branch is installed in place in such main sewer within the street frontage of the property served by the main sewer and facing the said property. Where no such branch is available, connection to the main or lateral sewer shall be made by tapping the main sewer and making the connection therewith in a workmanlike manner, all of which shall be done under the supervision and direction and in the presence of the Sanitary Inspector. Any damage to the main pipe shall be repaired at the cost of the Sanitary Inspector.

Sec. 3.14. Separate Sewers. No two separate owners of adjacent lots fronting on the same street shall be permitted to join in the use of the same side sewer. Every house or building must be separately connected with a public sewer if such public sewer exists in the street or alley upon which the property abuts or in an easement which will serve said property. However, one or more houses or buildings located on the property belonging to the same owner may be connected with the same sewer during the period of said ownership. Upon the subsequent subdivision and sale of a portion of said lot the portion not directly connected with such public sewer shall be separately so connected with a public sewer, and it shall be unlawful for the owner thereof to continue to use or maintain such indirect connection.

Sec. 3.15. Inspection. It shall be unlawful for any person to construct any new sewer or addition to any old sewer, without first reporting said proposed construction or addition to the Sanitary Inspector. The fact of completion and readiness for inspection shall also be reported to the Sanitary Inspector. In no case shall the sewer be covered at any point, without the property lines, until the same has been inspected and accepted.

Sec. 3.16. Additional Interceptor. When there is no sewer in the street and it is necessary to construct a private sewer to connect with a sewer in an adjacent street or alley, it must be laid in the street on which the houses front, and not through intervening lots or under houses without the consent of the Board. If any section of the house sewer lies under any building or inside the foundation lines, it must be constructed of cast iron pipe.

Sec. 3.17. Storm Water Prohibited. No leaders from roofs and no surface drains for rain water shall be connected to any lateral sewer. No surface or sub-surface drainage, rain water, storm water or seepage shall be permitted to enter any lateral sewer by any device or method whatsoever, nor fire hose, tanks or cesspools or the drains therefrom be connected to any lateral sewer.

Sec. 3.18. Waste Permits—Solids. No person shall discharge any industrial waste or any garbage or any solid, semi-solid or liquid substance resulting from any industrial manufacturing or commercial process or from any garage, service station or automobile washrack, into any main or lateral sewer in the District, without having obtained a permit to do so from the Board. No person shall discharge into any sewer any waste, garbage, solid or dry material which will tend to cause stoppage or which is prohibited by ordinance.

Sec. 3.19. Id. Regulations. Permits to discharge such substances shall be granted in accordance with the special conditions of each permit and shall be subject to reasonable rules, regulations and requirements, or prevent excessive alkalinity or acidity or excessive discharge of organic or inorganic substances in solution or in suspension, whether liquid, semi-solid or solid.

Sec. 3.20. Id. Removal of Solids. All persons discharging industrial wastes of whatsoever kind or nature into any lateral or street sewer shall by appropriate process remove all possible solid materials from the waste and shall neutralize or otherwise adequately treat such wastes upon their premises so that the discharged wastes shall not have an excessive quantity of suspended or dissolved solids, nor an excessive biochemical oxygen demand, nor excessive alkalinity, acidity, corrosiveness or offensiveness.

Sec. 3.21. Application for Permit: Applications for permit for public sewer extensions shall be examined by the Sanitary Inspector of the District for accuracy of detail thereon and from his personal

Ordinance No. 1

NORTH SAN MATEO COUNTY SANITATION DISTRICT

knowledge of local site conditions. The Inspector shall approve the application as filed, or require that it be modified in accordance with the requirements of the District. The application shall then be submitted to the Board for its consideration, and for the issuance of the permit which shall prescribe such terms and conditions as the Board deems necessary in the public interest.
Sec. 5.8. Performance Guarantee: The applicant shall post a security bond (or cash) to guarantee the satisfactory performance of any agreement entered into with said Board. Said bonds shall be in the sum of 50% of the estimated costs of the work and shall in addition to guaranteeing the faithful performance of the work guarantee the maintenance of the sewer main for a period of one year following the completion and acceptance of the work by the District.
Sec. 5.9. Deposit of Charges: Any person undertaking the construction of a public sewer extension shall pay all costs of inspecting the work and other costs of the District. Prior to the issuance of a permit, he shall deposit, in cash, with the District, a sum as determined by the Board to guarantee such payment. The charge for such service will be computed at cost to the District for the Inspector's time and for equipment used. Should the deposit be greater than the cost, the balance will be returned to the applicant upon completion of the work, but should the deposit prove insufficient, the applicant shall on demand pay the additional sum to cover the cost.
Sec. 5.10. Inspection: The public sewer extension shall not be connected to the existing public sewer system of the District until all work covered by the permit has been completed, inspected and approved by the District's Inspector.
Sec. 5.11. Compliance with Permit: After approval of the application evidenced by the issuance of a permit, no change shall be made in the location, grade, materials or grade, materials or other details from those shown on the plans and specifications for which the permit was issued except with written permission from the Board or its authorized representative.
Sec. 5.12. Agreement: The applicant's signature on an application for a permit to install a public sewer extension constitutes an agreement to comply with all of the provisions, terms and requirements of this and other ordinances and regulations of the District, and with the plans and specifications he has filed with his application, together with such corrections or modifications as may be made by the District, if any. Such agreement will be binding and may be altered only by the Board after the applicant has requested the alteration in writing.
Sec. 6. Disconnection: As a method of enforcing the provisions of this and any other ordinance or regulation of the District, the District shall have the power to disconnect a user or subdivision sewer system from the sewer mains of the District. Upon disconnection the Sanitary Inspector shall estimate the cost of disconnection from and reconnection to the system and such user shall deposit the cost as estimated of disconnection and reconnection before such user is reconnected to the system. The person in charge of the sewer system shall refund any part of the deposit remaining after payment of all costs of disconnection and reconnection.
The District hereby declares that the foregoing procedure for disconnecting premises is established as a means of enforcement of the terms of its ordinances and regulations, and not as a penalty.
Sec. 7. Constitutionality: If any provision of this ordinance or application thereof to any person or circumstance, is held invalid, the remainder of the ordinance or the application of such provision to other persons or circumstances, shall not be affected thereby.
Sec. 8. A certified copy of this Ordinance shall be forwarded to the County of San Mateo for filing with the records of the formation of this District and shall be open to public inspection, and a certified copy of this Ordinance shall be filed with the City Clerk of the City of Daly City and shall be open to public inspection.
PASSED AND ADOPTED at a regular meeting of the Board of Directors of North San Mateo County Sanitation District duly held on the 9th day of November, 1953, by the following vote thereof: AYES, 12; and in favor thereof, Directors: Thomas Callan, A. J. Gaggero, J. H. Kennedy.

knowledge of local site conditions. The Inspector shall approve the application as filed, or require that it be modified in accordance with the requirements of the District. The application shall then be submitted to the Board for its consideration, and for the issuance of the permit which shall prescribe such terms and conditions as the Board deems necessary in the public interest.

Sec. 4.2. Special Outside Agreements. Where special conditions exist relating to an outside sewer, they shall be the subject of a special contract made by the Board.

Sec. 4.3. Permit Optional. The granting of such permission shall in any event be optional with the Board.

Sec. 4.4. Connection Agreement. In no event shall such permission be granted unless the applicant shall first enter into a contract in writing whereby he shall bind himself, his heirs, successors and assigns to abide by all the ordinances, rules and regulations regulating the manner in which such sewer shall be used, the manner of connecting therewith, and the plumbing and drainage in connection therewith, and also shall agree relating to the use of said sewer, and agree to pay for such privilege the annual fee so fixed.

ARTICLE V. PUBLIC MAIN EXTENSIONS.
Sec. 5.1. Single Family Unit: A single family unit is defined to mean and refer to the place of residence for a single family. Property improved for multi-family purposes shall constitute the number of units that the facilities thereon provide in number facilitating for single family units. When such improvements are for other than residential purposes, the number of units shall be determined by dividing the total number of persons regularly using or occupying said premises by three. When said property is unimproved, a single lot shall be such unit. When such property is subdivided, it shall be deemed to have five (5) lots to the acre.
Sec. 5.2. Subdivisions: Before any property may be connected to any part of any sanitary sewerage system heretofore constructed or hereafter to be constructed by or for said District, and before any plans, profiles or specifications for intracut or outcutoff sanitary sewerage facilities for said property shall be approved by this Board, and before any permit shall be issued by the Sanitary Inspector of this District, for the construction of said sanitary sewerage system within said area so subdivided, or proposed to be subdivided, which has heretofore been or may hereafter be subdivided within any part of this District, or within any territory heretofore or hereafter annexed to said District, which property is served with adequate intracut or outcutoff sanitary sewerage facilities, the owner thereof or other persons proposing to so develop or construct or connect same shall submit plans, profiles and specifications for the sanitary sewerage system to serve said property, and shall pay to the District an amount to be fixed by this Board which shall equal the costs of engineering, inspection, legal fees and other charges to be incurred by the District in examining said plans, profiles and specifications and other documents in relation thereto, and other expenses regularly incurred in connection therewith.
Sec. 5.3. Public Sewer Main Extension: Extension of sewer mains in public streets or in easements owned by the District, or in subdivisions or proposed subdivisions, will be made at the request of property owners or subdividers under the terms and conditions hereinafter stated. When approved by the Board, the District will make such extensions. The property owner requesting the extension shall either deposit sufficient funds with the District to cover the entire cost of such extension, including all engineering and inspection charges, or the property owner otherwise will construct the extension at his own expense in accordance with the plans and specifications approved by the District, and upon completion of the work will execute a deed and conveyance to the District of all his interest in said installation. The owner shall obtain such other permits as are required by law and shall be responsible for meeting the requirements of all applicable laws, ordinances and regulations.
Sec. 5.4. Permit Required: No public sewer may be extended within the District until a permit has been obtained from the Board.
Sec. 5.5. Requirements for Permit: No permit will be issued to install a public sewer extension until the person applying for such permit has filed an application with complete plans and specifications, prepared by a registered civil engineer, showing all details of the proposed work, and in the event that an easement is required for the extension of the main or the making of connections, has procured and had accepted by the Board a proper easement or grant of right of way sufficient in law to allow the laying and maintenance of such extension or connection, and has paid all fees and deposits required by this Ordinance and the rules and regulations of this District.
Sec. 5.6. Application for Permit: Applications for permit for public sewer extensions shall be examined by the Sanitary Inspector of the District for accuracy of detail thereon and from his personal

knowledge of local site conditions. The Inspector shall approve the application as filed, or require that it be modified in accordance with the requirements of the District. The application shall then be submitted to the Board for its consideration, and for the issuance of the permit which shall prescribe such terms and conditions as the Board deems necessary in the public interest.

Sec. 5.7. Deposit of Charges: Any person undertaking the construction of a public sewer extension shall pay all costs of inspecting the work and other costs of the District. Prior to the issuance of a permit, he shall deposit, in cash, with the District, a sum as determined by the Board to guarantee such payment. The charge for such service will be computed at cost to the District for the Inspector's time and for equipment used. Should the deposit be greater than the cost, the balance will be returned to the applicant upon completion of the work, but should the deposit prove insufficient, the applicant shall on demand pay the additional sum to cover the cost.

Sec. 5.8. Inspection: The public sewer extension shall not be connected to the existing public sewer system of the District until all work covered by the permit has been completed, inspected and approved by the District's Inspector.

Sec. 5.9. Compliance with Permit: After approval of the application evidenced by the issuance of a permit, no change shall be made in the location, grade, materials or grade, materials or other details from those shown on the plans and specifications for which the permit was issued except with written permission from the Board or its authorized representative.

Sec. 5.10. Agreement: The applicant's signature on an application for a permit to install a public sewer extension constitutes an agreement to comply with all of the provisions, terms and requirements of this and other ordinances and regulations of the District, and with the plans and specifications he has filed with his application, together with such corrections or modifications as may be made by the District, if any. Such agreement will be binding and may be altered only by the Board after the applicant has requested the alteration in writing.

Sec. 6. Disconnection: As a method of enforcing the provisions of this and any other ordinance or regulation of the District, the District shall have the power to disconnect a user or subdivision sewer system from the sewer mains of the District. Upon disconnection the Sanitary Inspector shall estimate the cost of disconnection from and reconnection to the system and such user shall deposit the cost as estimated of disconnection and reconnection before such user is reconnected to the system. The person in charge of the sewer system shall refund any part of the deposit remaining after payment of all costs of disconnection and reconnection.

The District hereby declares that the foregoing procedure for disconnecting premises is established as a means of enforcement of the terms of its ordinances and regulations, and not as a penalty.

Sec. 7. Constitutionality: If any provision of this ordinance or application thereof to any person or circumstance, is held invalid, the remainder of the ordinance or the application of such provision to other persons or circumstances, shall not be affected thereby.

Sec. 8. A certified copy of this Ordinance shall be forwarded to the County of San Mateo for filing with the records of the formation of this District and shall be open to public inspection, and a certified copy of this Ordinance shall be filed with the City Clerk of the City of Daly City and shall be open to public inspection.

PASSED AND ADOPTED at a regular meeting of the Board of Directors of North San Mateo County Sanitation District duly held on the 9th day of November, 1953, by the following vote thereof: AYES, 12; and in favor thereof, Directors: Thomas Callan, A. J. Gaggero, J. H. Kennedy.

A. J. BODIEN
Secretary
(Pub. Nov. 12, 1953.)

knowledge of local site conditions. The Inspector shall approve the application as filed, or require that it be modified in accordance with the requirements of the District. The application shall then be submitted to the Board for its consideration, and for the issuance of the permit which shall prescribe such terms and conditions as the Board deems necessary in the public interest.

Sec. 4.2. Special Outside Agreements. Where special conditions exist relating to an outside sewer, they shall be the subject of a special contract made by the Board.

Sec. 4.3. Permit Optional. The granting of such permission shall in any event be optional with the Board.

Sec. 4.4. Connection Agreement. In no event shall such permission be granted unless the applicant shall first enter into a contract in writing whereby he shall bind himself, his heirs, successors and assigns to abide by all the ordinances, rules and regulations regulating the manner in which such sewer shall be used, the manner of connecting therewith, and the plumbing and drainage in connection therewith, and also shall agree relating to the use of said sewer, and agree to pay for such privilege the annual fee so fixed.

ARTICLE V. PUBLIC MAIN EXTENSIONS.
Sec. 5.1. Single Family Unit: A single family unit is defined to mean and refer to the place of residence for a single family. Property improved for multi-family purposes shall constitute the number of units that the facilities thereon provide in number facilitating for single family units. When such improvements are for other than residential purposes, the number of units shall be determined by dividing the total number of persons regularly using or occupying said premises by three. When said property is unimproved, a single lot shall be such unit. When such property is subdivided, it shall be deemed to have five (5) lots to the acre.

Sec. 5.2. Subdivisions: Before any property may be connected to any part of any sanitary sewerage system heretofore constructed or hereafter to be constructed by or for said District, and before any plans, profiles or specifications for intracut or outcutoff sanitary sewerage facilities for said property shall be approved by this Board, and before any permit shall be issued by the Sanitary Inspector of this District, for the construction of said sanitary sewerage system within said area so subdivided, or proposed to be subdivided, which has heretofore been or may hereafter be subdivided within any part of this District, or within any territory heretofore or hereafter annexed to said District, which property is served with adequate intracut or outcutoff sanitary sewerage facilities, the owner thereof or other persons proposing to so develop or construct or connect same shall submit plans, profiles and specifications for the sanitary sewerage system to serve said property, and shall pay to the District an amount to be fixed by this Board which shall equal the costs of engineering, inspection, legal fees and other charges to be incurred by the District in examining said plans, profiles and specifications and other documents in relation thereto, and other expenses regularly incurred in connection therewith.

Sec. 5.3. Public Sewer Main Extension: Extension of sewer mains in public streets or in easements owned by the District, or in subdivisions or proposed subdivisions, will be made at the request of property owners or subdividers under the terms and conditions hereinafter stated. When approved by the Board, the District will make such extensions. The property owner requesting the extension shall either deposit sufficient funds with the District to cover the entire cost of such extension, including all engineering and inspection charges, or the property owner otherwise will construct the extension at his own expense in accordance with the plans and specifications approved by the District, and upon completion of the work will execute a deed and conveyance to the District of all his interest in said installation. The owner shall obtain such other permits as are required by law and shall be responsible for meeting the requirements of all applicable laws, ordinances and regulations.

Sec. 5.4. Permit Required: No public sewer may be extended within the District until a permit has been obtained from the Board.

Sec. 5.5. Requirements for Permit: No permit will be issued to install a public sewer extension until the person applying for such permit has filed an application with complete plans and specifications, prepared by a registered civil engineer, showing all details of the proposed work, and in the event that an easement is required for the extension of the main or the making of connections, has procured and had accepted by the Board a proper easement or grant of right of way sufficient in law to allow the laying and maintenance of such extension or connection, and has paid all fees and deposits required by this Ordinance and the rules and regulations of this District.

Sec. 5.6. Application for Permit: Applications for permit for public sewer extensions shall be examined by the Sanitary Inspector of the District for accuracy of detail thereon and from his personal

knowledge of local site conditions. The Inspector shall approve the application as filed, or require that it be modified in accordance with the requirements of the District. The application shall then be submitted to the Board for its consideration, and for the issuance of the permit which shall prescribe such terms and conditions as the Board deems necessary in the public interest.

Sec. 5.7. Deposit of Charges: Any person undertaking the construction of a public sewer extension shall pay all costs of inspecting the work and other costs of the District. Prior to the issuance of a permit, he shall deposit, in cash, with the District, a sum as determined by the Board to guarantee such payment. The charge for such service will be computed at cost to the District for the Inspector's time and for equipment used. Should the deposit be greater than the cost, the balance will be returned to the applicant upon completion of the work, but should the deposit prove insufficient, the applicant shall on demand pay the additional sum to cover the cost.

Sec. 5.8. Inspection: The public sewer extension shall not be connected to the existing public sewer system of the District until all work covered by the permit has been completed, inspected and approved by the District's Inspector.

Sec. 5.9. Compliance with Permit: After approval of the application evidenced by the issuance of a permit, no change shall be made in the location, grade, materials or grade, materials or other details from those shown on the plans and specifications for which the permit was issued except with written permission from the Board or its authorized representative.

Sec. 5.10. Agreement: The applicant's signature on an application for a permit to install a public sewer extension constitutes an agreement to comply with all of the provisions, terms and requirements of this and other ordinances and regulations of the District, and with the plans and specifications he has filed with his application, together with such corrections or modifications as may be made by the District, if any. Such agreement will be binding and may be altered only by the Board after the applicant has requested the alteration in writing.

Sec. 6. Disconnection: As a method of enforcing the provisions of this and any other ordinance or regulation of the District, the District shall have the power to disconnect a user or subdivision sewer system from the sewer mains of the District. Upon disconnection the Sanitary Inspector shall estimate the cost of disconnection from and reconnection to the system and such user shall deposit the cost as estimated of disconnection and reconnection before such user is reconnected to the system. The person in charge of the sewer system shall refund any part of the deposit remaining after payment of all costs of disconnection and reconnection.

The District hereby declares that the foregoing procedure for disconnecting premises is established as a means of enforcement of the terms of its ordinances and regulations, and not as a penalty.

Sec. 7. Constitutionality: If any provision of this ordinance or application thereof to any person or circumstance, is held invalid, the remainder of the ordinance or the application of such provision to other persons or circumstances, shall not be affected thereby.

Sec. 8. A certified copy of this Ordinance shall be forwarded to the County of San Mateo for filing with the records of the formation of this District and shall be open to public inspection, and a certified copy of this Ordinance shall be filed with the City Clerk of the City of Daly City and shall be open to public inspection.

PASSED AND ADOPTED at a regular meeting of the Board of Directors of North San Mateo County Sanitation District duly held on the 9th day of November, 1953, by the following vote thereof: AYES, 12; and in favor thereof, Directors: Thomas Callan, A. J. Gaggero, J. H. Kennedy.

The owner shall obtain such other permits as are required by law and shall be responsible for meeting the requirements of all applicable laws, ordinances and regulations.

SCHEDULE OF MASSES IN LOCAL CATHOLIC CHURCHES SUNDAY

Our Lady of Perpetual Help church, 60 Wellington avenue, Daly City, (PLaza 5-2377). — Sunday Masses are scheduled at 6:30, 8, 9, 10:30 a.m. and 12:15. Devotions are held on Tuesday nights at 8 o'clock.

Holy Angels church, 107 San Pedro Road, Colma, (PLaza 5-0478). — Sunday Masses are scheduled at 7, 8, 9, 10, 11 a.m. and 12:15.

Perpetual Novena is held every Tuesday night at 7:30.

Anniversary Fete For Presbyterians In Progress Today

It's anniversary festival time today (Friday) at the Grace Presbyterian church.

The bazaar opened this morning at 10 a.m., with a large assortment of handiwork, flower arrangements, potted plants, home baking, boys fish pond, grocery table and bargain counter items on hand.

Cafeteria lunch will be served from 11:30 a.m. until 2 p.m. Roast beef dinner will begin at 5:30 p.m. The public is welcome to attend.

Sunday morning, in connection with the morning worship service at 11 o'clock, the Sacrament of Baptism will be administered. Parents interested should contact the pastor, the Rev. William Harberts.

BETHEL LUTHERAN TO HEAR SERMON SUNDAY ON "FAITHLESS FEARS"

At Bethel Lutheran church, Alemany boulevard and Huron avenue, the Sunday morning worship begins at 10:45 o'clock.

The Rev. Herbert P. Schroeder will preach on the subject: "Faithless Fears." The Junior choir, under the direction of Miss Gladys Schultz, will render special music.

On Thursday, November 19, the Ladies Aid society will hold their annual harvest social. A luncheon will be served at 12 o'clock under the direction of Mrs. Luise Beedle. Baked goods as well as articles of hand work and greetings will be sold. Mrs. W. J. Wright is chairman of this endeavor.

The first Aberdeen Angus cattle in the United States were imported in 1873.

OLPH Mothers Club Meet Tonight; Mrs. Cresta Is Hostess

Tonight (Friday) the regular monthly meeting of OLPH Mothers' club will be held in the school hall.

Mrs. Louis Thiebaut, club president, has announced that plans have been formulated for the annual Christmas bazaar, which will be held on December 6, further details will be discussed at Friday evening's meetings.

Hostess for this meeting will be Mrs. Merwin Cresta, assisted by the seventh grade mothers. Mrs. Cresta, who was last year's president, is room-mother of the seventh grade and has two sons attending LPH; David, a seventh grader, and Edward, in the second grade.

A new system of greeting the mothers has been inaugurated whereby each of the room-mothers wear grade numbers so that mothers attending the meeting for the first time may meet their class hostess and become more readily acquainted.

Those women of the parish who no longer have children attending the school or who wish to become members although they have no children will be greeted by Mrs. R. J. Ennis, a graduate mother.

Mrs. Louis Thiebaut wishes to stress to the women of OLPH parish that they are all invited to attend the Mothers club meetings and become active members.

New Name Chosen For Holy Angels Women's Society

The Holy Angels Alter society and Mothers club at their recent meeting unanimously voted to change the name of the group to "Holy Angels Womens Guild."

The newly elected officers were installed with a suitable religious ceremony conducted by the pastor, Father Anthony Morrissey.

Among the years future projects, Mrs. Robert Buckley, president, announced the spring fashion show, naming Mrs. Richard Collins as chairman. Mrs. Collins named January 10 as the date for this "novel" fashion show. Clothes modeled will be discounted 25 per cent or more. It will be of great interest to all ladies with an eye to a good bargain. The club reports.

More exciting information on this novel affair will be announced at a later date.

WILL ASSUME OFFICES TONIGHT IN TEMPLE GROUP

LADIES OF the newly-organized Westlake Temple Group take over plans for their installation tonight (Friday) at the Temple Baptist church on 19th avenue. The ceremonies officially marking the women's entry

into office will be presided over by Cantor Harold Wachter and are scheduled to commence at 8 p.m. Shown here (left to right) are: Mesdames Bernard Kushman, second vice president; Henry Friedman, first vice

president; Edward H. Mann, president; Harold Frank, treasurer; Melvin Dubins, recording secretary; and Alvin Lesser, corresponding secretary. THE RECORD photo

Christian Principles In Labor Relations Town Meeting Topic

Christian principles in labor and management will be the subject discussed at the Town Hall meeting to be held at St. John's Lutheran church, 22nd and Capp streets, San Francisco, on November 16, 1953, at 8 p.m.

Dr. Lawrence Acker, the present Lutheran hour speaker, will be the speaker. Dr. Acker has made a special study of the labor management question and has travelled extensively throughout the United States lecturing on the subject.

Captain Harry Nelson of the San Francisco police department will be the moderator for the discussion period.

Everyone is welcome to come and take part in this fine program.

The event is sponsored by the National Lutheran Laymen's League. Elmer H. Ohlendorf, 95 San Joaquin avenue, Daly City, is president of the California-Nevada district of the League.

CHECK YOUR BRAKES

Check your brakes before it's too late, suggests the National Automobile Club.

Ocean View Church To Take New Name Soon

The Ocean View Christian church will hereafter be known as the Vista Grande Avenue Christian church.

The last meeting of the church in the Lakeside Dancing Academy, located at 107 Sagamore, will be held next Sunday. Thereafter the church will meet in its newly acquired building at Vista Grande and Santa Barbara. Bible School is at 9:30 o'clock, and the preaching service at 10:55 next Sunday. Dr. Howard McConnell, minister, will speak on the subject, "Second Chapter."

HOPE LUTHERANS AT SHOWING OF FILM ON CHURCH FOUNDER

Last Friday evening a large group from Hope Lutheran church, Colma, attended a San Francisco theater to see "Martin Luther." The Ladies' Guild last week voted in the following officers to serve for the year 1954:

Mrs. Irene Moreno, president; Mrs. Virginia Neff, vice president; Mrs. Louella Richter, recording secretary; Mrs. Anita Giese, corresponding secretary; Mrs. Ellen Shehi, treasurer.

Making reservations prevents disappointment on arrival, points out the National Automobile Club.

SF Scout Council Head Guest Of Honor At Sea Scout Hall Tomorrow Night At SFCC

Kenneth K. Bechtel, president of Industrial Indemnity Co. and of the San Francisco Boy Scout Council, will be guest of honor at a ball for San Francisco Sea Scouts tomorrow (Saturday) evening at 8:30 p.m. in the auditorium of City College, Ocean and Phelan avenues.

Sponsored by the San Francisco Scout Council, the affair is held in conjunction with the annual Sea Scout Bridge of Honor at which honors and awards are presented to the winners of sail and power races of the Sea Scout fleet during the past season.

Scheduled for the ball's intermission, the Bridge of Honor will be set up in the form of a "landship" simulating a ship at sea and manned by all the Sea Scouts of the city, who will report on board as if from small boats alongside the gangways.

Following the colors ceremony which customarily opens all Sea Scout meetings, Council Commodore John H. Nedden, 2237 Fulton street, will be received aboard at the starboard gangway, with all the officers of the various ships.

Honor guest Bechtel will be piped aboard the ship by a guard of eight sideboys, in recognition of his position as a vice president of the National Council, Boy Scouts of America.

Mr. Bechtel will present the

Ocean View Mothers Raise Christmas Funds

To raise funds for a Christmas party for the children, a social evening will be held by the Ocean View Mothers' club at the Ocean View recreation center, Capitol avenue and Montana street, Wednesday at 8 p.m.

Admission is 35 cents. Refreshments will be served.

Here are two points to remember when you buy a car!...

CHEVROLET VALUE is the HIGHEST
CHEVROLET PRICES are the LOWEST

of any line in its field!

See it, drive it, and you'll know that it alone brings you all these features of highest-priced cars at the lowest prices and with such outstanding gasoline economy!

Yes, you get more car for less money in Chevrolet!

More beauty, inside and out, with the widest choice of body-types and colors in its field.

More driving thrills, with either of Chevrolet's two great high-compression Valve-in-Head engines!

More riding smoothness, more road-stability and more safety protection with this stronger, heavier, longer lasting car!

More value throughout, when you buy, while you drive, when you trade!

Come in, confirm these facts; and you'll choose Chevrolet... America's finest buy, America's most popular car!

Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models... Power Steering and E-Z-Eye Plate Glass available on all models... at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
